

*Airstream by Patrick Foster | Boffins Books*  
 In 1931, Airstream began with Wally Byam's dream: to build a travel trailer that would move like a stream of air, be light enough to be towed by a car, and create first-class accommodation anywhere. Every inch of an Airstream has a function. Airstream is the most thoroughly tested brand in trailer history.

Whether you're an RVer or not, you'll enjoy reading Patrick Foster's book *Airstream: America's World Traveler* about the history of this iconic brand. Foster is clearly an Airstream fan, and while that may come through a little too much over these pages; when reading them, you'll certainly get the full history of how Airstream came to be, how it survived multiple economic downturns, and how it continues to thrive today as the oldest manufacturer of travel trailers in the U.S.

Airstream is America's best and oldest manufacturer of travel trailers, and those retro silver coaches are iconic on America's highways. Representative of the age-old desire to explore, these trailers are unmistakable in design with distinctive aero-

dynamic rounded lines and an aluminum outer skin.

Inspiring adventure for more than 85 years Airstream's first ride was in 1929 but really Airstream was born the first time Wally Byam left home. Wally's early life - schooling, sailing, camping, and working - all came together to form a vision of the open road, the outdoors and freedom.
