Solved: Logic 2010 Deriv 2.00h: | Chegg.com

as sentences in logic. Suppose you answer the question: 'I am not sleepy.' This is either true or false, and so it is a sentence in the logical sense. Generally, questions will not count as sentences, but answers will. 'What is this course about?' is not a sentence. 'No one knows what this course is about' is a sentence.

logic 2010 hard af symbolization question : ucla Answers and Solutions - Logic

There are plenty of people there whose grasp of logic is strong

enough to help you out with this problem, and they are very friendly. They won't just give you the answer, though. They'll want to know that you put in some effort to solve this problem, so show them what you got when trying to symbolize this and they'll show you where you might've gone wrong.
