### **The Difference Between Heaven and Hell**

"Between Heaven and Hell" is an imaginary conversation among President John F. Kennedy, Aldous Huxley and C.S. Lewis, each of whom died

on Nov. 22, 1963. These three men, Kreeft says, represent the three most influential worldviews in human history: Western theism (Lewis), modern Western humanism (Kennedy) and Eastern pantheism (Huxley).

Between Heaven and Hell is Firewind's first album released in 2002 through Massacre Records in Europe, Leviathan Records in the US, EMI in Japan and Rock Brigade in South America. There were 3 different versions of the cover art, European, Japanese and American. [3]

A Sabbath album called "Between Heaven And Hell" was scheduled for release in 1993, but never came out, so when a new Sabbath compilation was scheduled for 1995, I

suggested the same title as I reckoned it worked perfectly. My other main contribution to this release was advising 'Wicked Word' was added to the track list.

A place between Heaven and Hell, where the soul is not bad enough to be sent to an eternity of damnation in Hell, but not good enough to go to Heaven, so it is sent there temporarily where the person suffers, and is purified so that it can be sent to Heaven. Heaven is depicted as being above or in the realm of the sky, while Hell is depicted as below or within the bowels of the Earth.

'Between Heaven And Hell' has more interesting and unique characters, more authentic weaponry, and the photography is of a much higher standard. The reasons why some rather dull movies become well known, while others, like this, remain obscure, has always been a mystery to me.

Between Heaven and Hell is one of the 1950s depictions of the US Army that did not paint a recruiting poster image and was more in tune with many soldiers' memories, such as From Here to Eternity, Robert Aldrich's Attack or Samuel Fuller's films. Fleischer uses the Cinemascope widescreen format well, notably in views of hills lit up by a firefight.
