Winter, 1364. Sir Thomas Blackstone, Edward III's Master of War, has travelled to France to secure Brittany for England. But soon he is ordered to Castile, to defend England's ally from the French.

"You want the dreams they dreamed of to come true-Then They Do." That line from one of country music's best songs in recent memory pretty much sums up the way millions of parents feel about their children. Many times as they are growing up and driving you crazy, you dream of when they will be out of the house-and you will have your life back again-and then they do. Then They Do is filled with heartwarming, and sometimes tear-inducing, stories from parents about cherishing the moments with your children and celebrating the fine young men and women they have become. This book will serve as a reminder to parents to seize those moments when their tiny ones are still underfoot, and will be a nostalgia-inducing keepsake for those whose children have moved upwards and onwards. A fine gift for parents young and old or for grown children in the midst of raising their own families.

Bagaikan tanaman layu yang disejukan setetes embun di pagi hari. Seorang gadis cantik nan manis berdentang ceria menyusuri koridor kampus. Ia tak henti-hentinya menebar senyum dari bibir ranumnya, beberapa orang yang berpapasan dengannya, tak ada yang terlewat mendapat sapaan ramahnya. Memiliki tubuh yang ideal, paras cantik, pastilah, banyak pria yang tertarik padanya. Namun sayang, dia telah menambatkan hatinya pada seorang DJ tampan, bertubuh tegap, tinggi dan penyayang. Tasya terus berjalan seraya bernyanyi kecil menghibur dirinya sendiri di pagi yang cerah ini. Ketika langkahnya sampai di persimpangan koridor kelas, seorang pria tinggi dan berkulit putih menghadangnya. Tasya berhenti, dia memutar bola matanya malas melihat pria itu tersenyum lebar padanya.

Hip-hop culture has grown from its humble beginnings in the South Bronx section of New York City into a significant and influential cultural movement. This volume examines the rich history and promising future of this musical genre. Created in the mid-1970s by poor Bronx residents with few resources, hip-hop has become a billion-dollar industry whose reach now stretches around the world. Hip-hop has influenced the way people make music, the way they dance, and the way they wear their clothes. It has also shaped people's political views and turned many people into entrepreneurs.

This modern classic of global feminist literature, the only novel by one of Romania's most heralded poets, styled as a long letter addressed to the man who is about to leave her, a woman meanders through a cosmic retelling of her life from childhood to adulthood with visionary language and visceral, detail. Like a contemporary Scheherazade, she spins tales to hold him captivated, from the small incidents of their lives together to the intimate narrative of her relationship to womanhood. Through a dreamlike thread of strange images and passing characters, her stories invite the reader into a fantastical vision of love, loss, and femininity.

In *Dying in Full Detail* Jennifer Malkowski explores digital media's impact on one of documentary film's greatest taboos: the recording of death. Despite technological advances that allow for the easy creation and distribution of death footage, digital media often fail to live up to their promise to reveal the world in greater fidelity. Malkowski analyzes a wide range of death footage, from feature films about the terminally ill (*Dying*, *Silverlake Life*, *Sick*), to surreptitiously recorded suicides (*The Bridge*), to #BlackLivesMatter YouTube videos and their precursors. Contextualizing these recordings in the long history of attempts to capture the moment of death in American culture, Malkowski shows how digital media are unable to deliver death "in full detail," as its metaphysical truth remains beyond representation. Digital technology's capacity to record death does, however, provide the opportunity to politicize individual deaths through their representation. Exploring the relationships among technology, temporality, and the ethical and aesthetic debates about capturing death on video, Malkowski illuminates the key roles documentary death has played in twenty-first-century visual culture.

'Harffy's Dunston is a fantastic creation - old, creaking and misanthropic. The forest is beautifully evoked. A treat of a book' *The Times*. AD 838. Deep in the forests of Wessex, Dunston's solitary existence is shattered when he stumbles on a mutilated corpse. Accused of the murder, Dunston must clear his name and keep the dead man's daughter alive in the face of savage pursuers desperate to prevent a terrible secret from being revealed. Rushing headlong through Wessex, Dunston will need to use all the skills of survival garnered from a lifetime in the wilderness. And if he has any hope of victory against the implacable enemies on their trail, he must confront his long-buried past - becoming the man he once was and embracing traits he had promised he would never return to. The Wolf of Wessex must hunt again; honour and duty demand it. 'A page-turner ... Matthew Harffy tells a great story' Joanna Hickson. 'A breathtaking novel that sweeps the reader into a dark and dangerous world' Paul Fraser Collard. 'Harffy's writing just gets better and better ... He is really proving himself the rightful heir to Gemmell's crown' Jemahl Evans. 'Harffy has a real winner on his hands ... A genuinely superb novel' Steven McKay.

Rio yang dikabarkan tewas saat operasi, ternyata masih hidup! Dia hidup lagi setelah mati suri, seperti yang dialami Er dari Pamfilia di zaman Yunani Kuno. Rio mendapatkan kesempatan kedua. Tapi rupanya ini tidak mudah. Reputasinya sebagai anak badung di sekolah membuatnya sulit menjalani hidup baru tanpa dikaitkan dengan dosa masa lalu. Demikian juga dalam percintaan. Sekeras apa pun dirinya menunjukkan cinta, ia tak pernah bisa meyakinkan perasaan Vega terhadapnya. Siapa pun tahu, Rio pernah mencintai Sophia dengan sangat hebat, dan masih dicintai Nina dengan sangat hebat pula. Rio merasa nasibnya seperti twilight. Sehebat apa pun twilight memperindah hidup manusia, hari tetap saja akan menjadi gelap. Segelap gerhana matahari yang menyelimuti pantai indah Balikpapan...

Connects classical cellular descriptive studies with more recent work on the molecular and genetic aspects regarding germline development. Prominent scientists discuss research on a range of organisms including insects, worms, birds, fish, amphibia, mammals and green algae. Specification of germ cells, their migration to the gonads and subsequent interactions with the soma and evolutionary factors of their segregation are among the topics covered.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." - an excerpt

Might creolization offer political theory an approach that would better reflect the heterogeneity of political life? After all, it describes mixtures that were not supposed to have emerged in the plantation societies of the Caribbean but did so through their capacity to exemplify living culture, thought, and political practice. Similar processes continue today, when people who once were strangers find themselves unequal co-occupants of new political locations they both seek to call "home." Unlike multiculturalism, in which different cultures are thought to co-exist relatively separately, creolization describes how people reinterpret themselves through interaction with one another. While indebted to comparative political theory, Gordon offers a critique of comparison by demonstrating the generative capacity of creolizing methodologies. She does so by bringing together the eighteenth-century revolutionary Swiss thinker Jean-Jacques Rousseau and the twentieth-century Martinican-born Algerian liberationist Frantz Fanon. While both provocatively challenged whether we can study the world in ways that do not duplicate the prejudices that sustain its inequalities, Fanon, she argues, outlined a vision of how to bring into being the democratically legitimate alternatives that Rousseau mainly imagined.

Not only giving you the skills and know-how to take stunning photographs, but will also allowing you to fully understand the science behind the creation of great images.

Zombies are cautionary forms of humankind's most universally cherished ideal--life after death. Often ragged, unkempt, ill-spoken, rotting individuals, zombies (or the post-dead) seem socially awkward in comparison to the more popular and more aristocratic, undead, like Count Dracula and his peers. And so, the humble zombie remains, for the most part, unappreciated and unacknowledged--until now. No longer will films devoted to them be buried in the last pages of horror movie guides. The exhumation of zombie films from obscurity is accomplished in terrifying detail in *The Zombie Movie Encyclopedia*. The first exhaustive overview of the subject, this book evaluates over 200 movies from 16 countries over a 65-year period starting from the early 1930s. It mostly treats feature-length films, covering everything from large studio productions to backyard videography, but also touches on memorable episodes of television series and miscellaneous shorts. Lengthy entries point out interesting or innovative features of the zombie portrayal in each movie, while an introduction traces the evolution of the genre and interprets the broader significance of the zombie in contemporary Western mythology. Productions credits, a brief plot summary, and alternate titles accompany each entry.

We all fear selling out. Yet we all face situations that test our ideals and values with no clear right answer. In a world where compromise is an essential aspect of life, authors Lily Zheng and Inge Hansen make the bold claim that everyone sells out—and that the real challenge lies in doing so ethically. Zheng and Hansen share stories from a diversity of people who have found their own answers to this dilemma and offer new ways to think about marginalization, privilege, and self-interest. From these stories, they pull out teachable skills for taking the step from selling out to selling out ethically. *The Ethical Sellout* is for all those committed to maintaining their integrity in a messy world.

A Violin solo with piano accompaniment composed by Antonio Vivaldi.

From the scorching pits of Tartarus, a warrior emerges with a deadly need for more than vengeance...A loner, Dagan, lives with an inexorable thirst he's kept hidden for eons, even from his fellow Guardians. Until he meets a beautiful, maddening human who awakens in him a hunger that shakes him to his very core, and threatens to shatter his tightly erected shields, exposing his dangerous secret. And wanting her is a path leading to destruction. Driven to find her missing mother in a shadowy world, Shae Ion refuses to be sidetracked. When she becomes the target for a sinister force, a sinfully sexy and utterly impossible immortal abducts her, and he'll stop at nothing to keep her safe. Stuck in an isolated place with the reclusive Guardian who allows no one close, Shae struggles to control her new burgeoning powers, and is unprepared for the tangled emotions he stirs in her. But passion has a way of obliterating barriers. However, the road to happiness is strewn with treachery. When a ruthless old enemy strikes, and comes after Shae, they are drawn into a terrifying, supernatural battle. Nothing is sacred or safe. And not even Dagan, a lethal, immortal warrior who'd lay down his life for her, can save her now...

New diversity style guide helps journalists write with authority and accuracy about a complex, multicultural world A companion to the online resource of the same name, *The Diversity Style Guide* rais-

es the consciousness of journalists who strive to be accurate. Based on studies, news reports and style guides, as well as interviews with more than 50 journalists and experts, it offers the best, most up-to-date advice on writing about underrepresented and often misrepresented groups. Addressing such thorny questions as whether the words Black and White should be capitalized when referring to race and which pronouns to use for people who don't identify as male or female, the book helps readers navigate the minefield of names, terms, labels and colloquialisms that come with living in a diverse society. The Diversity Style Guide comes in two parts. Part One offers enlightening chapters on Why is Diversity So Important; Implicit Bias; Black Americans; Native People; Hispanics and Latinos; Asian Americans and Pacific Islanders; Arab Americans and Muslim Americans; Immigrants and Immigration; Gender Identity and Sexual Orientation; People with Disabilities; Gender Equality in the News Media; Mental Illness, Substance Abuse and Suicide; and Diversity and Inclusion in a Changing Industry. Part Two includes Diversity and Inclusion Activities and an A-Z Guide with more than 500 terms. This guide: Helps journalists, journalism students, and other media writers better understand the context behind hot-button words so they can report with confidence and sensitivity Explores the subtle and not-so-subtle ways that certain words can alienate a source or infuriate a reader Provides writers with an understanding that diversity in journalism is about accuracy and truth, not "political correctness." Brings together guidance from more than 20 organizations and style guides into a single handy reference book The Diversity Style Guide is first and foremost a guide for journalists, but it is also an important resource for journalism and writing instructors, as well as other media professionals. In addition, it will appeal to those in other fields looking to make informed choices in their word usage and their personal interactions.

A woman's story of movement as a both a lifestyle and a rite of passage, *The Animal Days* follows Julia's journey of love and rock-climbing across three continents. In this fast-paced novel, joy is linked to self-destruction, love is inseparable from death, freedom is twinned with unbearable solitude, and life is worth only as much as a given moment. The taste for risk and vertigo never stop: they feed each other as the abyss approaches. Julia, determined to never look back, lives perpetually on the brink, even if it means shedding her own skin in the process.

A paradigm-shifting diet plan that allows you to eat anything you want, as much as you want—and still strip away 20, 40, 60 pounds, or more. After conducting extensive research at the Salk Institute and the National Institute on Aging, poring over copious amounts of new research in intermittent fasting, and engaging 2,000 people for a test panel, bestselling authors David Zinczenko and Peter Moore determined that people can lose remarkable amounts of weight eating the foods they like best—as long as they eat within a set 8-hour time period. Fasting is, of course, an ancient spiritual and health practice, but it's also a way to sidestep many of the ills of the modern world—including diabetes, heart disease, and cognitive impairment. Zinczenko and Moore demonstrate how simply observing this timed-eating strategy, even just three days a week, will reset your metabolism so that you can enter fat-burning mode first thing in the morning—and stay there all day long. And by focusing on eight critical, nutrient-rich Powerfoods, you can build in a second layer of protection against Alzheimer's, heart disease, and even the common cold. In the book, you will find motivating strategies, delicious recipes, and an 8-minute workout routine to maximize calorie burn. The 8-Hour Diet promises to strip away unwanted pounds and give you the focus and willpower you need to reach your goals for weight loss and life.

Born in the flames of Heaven's wrath, he's all things sin-ful...and too dangerous to love. An immortal guardian, Aethan's walked alone for millennia, trapped in a hell of his own, until a feisty mortal crosses his path—a female he shouldn't even look at, one who shakes the precarious foundations of all that he is—and one who's determined to walk the edge of danger. She only wants to be normal... All her life, Echo Carter wanted "normal," an impossible feat given that she can see demons. Now she's determined to hunt down the demonii responsible for the death of her friend—and no man, no matter how sexy, will stop her—until she discovers a horrifying truth about herself, forcing her to turn to Aethan. But when two stubborn wills collide, a dangerous passion ignites... As evil closes in, will this warrior overcome his darkest fears and claim her as his—or lose her to a far more sinister fate.

Leo Biga has reported on the career of filmmaker Alexander Payne for 20 years. In this updated collection of essays, the author-journalist-blogger offers the only comprehensive look at Payne's career and creative process. Based in Payne's hometown of Omaha, Nebraska, Biga has been granted access to location shooting for *Nebraska* and *Sideways*, the latter filmed in California's wine country. Biga has also been given many exclusive interviews by Payne and his creative collaborators. His insightful analysis of Payne's films and personal journey has been praised by Payne for its "honesty, thoughtfulness, and accuracy." The two-time Oscar-winner calls Biga's articles, "the most complete and perceptive of any journalist's anywhere." Payne's films are celebrated for their blend of humor and honest look at human relationships. Members of Hollywood's A-List, including George Clooney (*The Descendants*), Jack Nicholson (*About Schmidt*), Reese Witherspoon (*Election*), Paul Giamatti (*Sideways*), Laura Dern (*Citizen Ruth*), and Bruce Dern (*Nebraska*), have starred in his films.

This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international Dracula films, television programs, documentaries, adult features, animated works, and video games, as well as nearly a thousand comic books and stage adaptations. While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eigh-teen-Bisang, and J. Gordon Melton.

Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job. In this unprecedented book, Hamid Dabashi provides a provocative account of Iran in its current resurrection as a mighty regional power. Through a careful study of contemporary Iranian history in its political, literary, and artistic dimensions, Dabashi decouples the idea of Iran from its colonial linkage to the cliché notion of "the nation-state," and then demonstrates how an "aesthetic intuition of transcendence" has enabled it to be re-conceived as a powerful nation. This rebirth has allowed for repressed political and cultural forces to surface, redefining the nation's future beyond its fictive post-colonial borders and autonomous from the state apparatus that wishes but fails to rule it. Iran's sovereignty, Dabashi argues, is inaugurated through an active and open-ended self-awareness of the nation's history and recent political and aesthetic instantiations, as it has been sustained by successive waves of revolutionary prose, poetry, and visual and performing arts performed categorically against the censorial will of the state.

"This book is a breakthrough, a lyrical, powerful, science-based narrative that actually shows us how to get better (much better) at the things we care about."—Seth Godin, author of *Linchpin* "Anyone who wants to get better at anything should read [Peak]. Rest assured that the book is not mere theory. Ericsson's research focuses on the real world, and he explains in detail, with examples, how all of us can apply the principles of great performance in our work or in any other part of our lives."—Fortune Anders Ericsson has made a career studying chess champions, violin virtuosos, star athletes, and memory mavens. Peak distills three decades of myth-shattering research into a powerful learning strategy that is fundamentally different from the way people traditionally think about acquiring new abilities. Whether you want to stand out at work, improve your athletic or musical performance, or help your child achieve academic goals, Ericsson's revolutionary methods will show you how to improve at almost any skill that matters to you. "The science of excellence can be divided into two eras: before Ericsson and after Ericsson. His groundbreaking work, captured in this brilliantly useful book, provides us with a blueprint for achieving the most important and life-changing work possible: to become a little bit better each day."—Dan Coyle, author of *The Talent Code* "Ericsson's research has revolutionized how we think about human achievement. If everyone would take the lessons of this book to heart, it could truly change the world."—Joshua Foer, author of *Moonwalking with Einstein*

A violin solo with piano accompaniment by Antonio Vivaldi.

For the first time in decades of groundbreaking research, the inventor of the 10,000-hour rule explains his techniques for developing mastery of any skill We live in a world full of people with extraordinary abilities. Consider what Roger Federer can do with a tennis ball, or Connor McDavid with a puck. There are chess grandmasters who can play several dozen different games simultaneously--while blindfolded--and a seemingly unending supply of young musical prodigies who would have astonished aficionados a century ago. We are dramatically better at just about everything than we were just a generation ago. We assume, though, that these peak performers are the lucky ones, the ones with a gift. That's only partly true. The fact is we are all lucky. We all have that gift. As Ericsson's whole career has shown, with the proper practice, we are all capable of extraordinary feats. On the surface, the techniques that chess players use to develop their skills seem quite different from the methods soccer players use to perfect their games, which in turn seem quite different from how pianists improve their playing. But at a deeper level, they are all variations on a single fundamental approach to learning, what Ericsson, a world-renowned researcher, has named "deliberate practice": a simple, yet powerful system for enhancing learning. This approach to expertise has the potential to revolutionize how we think about every sort of education and training. We are not limited by an endowment of natural talent. We create our own limits. Whether you want to step up your game at work or on the weekend, or help your kid achieve athletic or academic goals, Ericsson's revolutionary methods will show you how to master almost anything.

While Jarl Dragonheart raids the Empire his homeland is attacked. Taking his warriors he embarks on a war of revenge. He takes on the might of Wessex. When he discovers he has been betrayed he must search out the traitors and spies who hide behind smiling faces.
