A7F - ISIAH GREYSON

In *A History of Modern Criminal Justice*, authors Joseph Spillane and David Wolcott focus on the modern aspects of the subject, from 1900 to the present. A unique thematic rather than a chronological approach sets this book apart from the competition, with chapters organized around themes such as policing, courts, due process, and prison and punishment. Making connections between history and contemporary criminal justice systems, structures and processes, *A History of Modern Criminal Justice* offers students the latest in historical scholarship, made relevant to their needs as future practitioners in the field. This book is appropriate for any course on the history of criminal justice.

Contemporary Criminal Law, Second Edition combines the traditional concepts and cases found in undergraduate texts with unique learning tools, resulting in an engaging, modern text that has enjoyed success with students and instructors nationwide. The text covers both traditional and cutting-edge topics, such as terrorism, computer crimes, and hate crimes, in a student-friendly way. Clear explanations of criminal law and defenses are complemented by provocative, well-edited cases followed by discussion questions to stimulate critical thinking and in-class discussion. The Second Edition includes a number of new cases to illuminate important concepts such as the insanity defense and terrorism, many new learning features, and updates throughout, highlighting the most recent developments in criminal law. A more concise focus on domestic criminal law also characterizes this new edition. Best of all, this new edition continues to be significantly more affordable than most other texts for this course.

Essential Criminal Law provides a highly accessible introduction to U.S. criminal law that helps students, including those with no prior exposure to case law, build their legal reasoning skills. Drawing from more than 30 years of teaching experience, best-selling author Matthew Lippman guides readers through the complexities of the legal system using thought-provoking examples of real-life crimes and legal defenses, along with approachable case analyses. The Third Edition keep readers up to date with coverage of timely topics and the most current developments in criminal law and public policy.

Criminal Justice Ethics, Fourth Edition examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory, exploring ethical dilemmas, and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals. Best-selling author Cyndi Banks draws readers into a unique discussion of ethical issues by exploring moral dilemmas faced by professionals in the criminal justice system before examining the major theoretical foundations of ethics. This distinct organization allows readers to understand real life ethical issues before grappling with philosophical approaches to the resolution of those issues.

A concise and comprehensive introduction to the law of evidence, *Criminal Evidence* takes an active learning approach to help readers apply evidence law to real-life cases. Bestselling author Matthew Lippman, a professor of criminal law and criminal procedure for over 25 years, creates an engaging and accessible experience for students from a public policy perspective through a multitude of contemporary examples and factual case scenarios that illustrate the application of the law of evidence. Highlighting the theme of a balancing of interests in the law of evidence, readers are asked to apply a more critical examination of the use of evidence in the judicial system. The structure of the criminal justice system and coverage of the criminal investigative process is also introduced to readers.

Contemporary Criminal Law, Second Edition combines the traditional concepts and cases found in undergraduate texts with unique learning tools, resulting in an engaging, modern text that has enjoyed success with students and instructors nationwide. The text covers both traditional and cutting-edge topics, such as terrorism, computer crimes, and hate crimes, in a student-friendly way. Clear explanations of criminal law and defenses are complemented by provocative, well-edited cases followed by discussion questions to stimulate critical thinking and in-class discussion.

This state-of-the-art casebook is both easy and fun to use. It is designed to give you the basis for an enjoyable, comprehensive learning experience for your students, providing you with the sort of piquing materials that should prompt interested and insightful classroom discussion. The focus here is on teachability, rather than encyclopedic coverage of the field. Many modern, cutting-edge cases and related features are included, as well as the classic decisions, making it possible for you to show students the most current issues in the law as well as the traditional doctrinal underpinnings of this area. Numerous problem-style hypotheticals are also included throughout, serving to stimulate and encourage thought and discussion but also to help you focus your students on practice-oriented, analytical skills. The book also contains updated cases that bring the book entirely up-to-date.

Written by three nationally recognized experts in the field, *Criminal Courts: A Contemporary Perspective* explores all the fundamental topics (court structure, courtroom actors, and the trial and appeals process) as well as other ground-breaking topics, such as specialty courts and comparative court systems. This bestseller provides you with a foundation for understanding key concepts by reviewing the judicial function, the role and purpose of law, sources of law, the various types of law, and the American court system's structure and operations. You will build on this foundation by learning about participants in the system and the pretrial, trial, and post-trial processes. Packed with contemporary examples and new pedagogical tools, the Fourth Edition has been thoroughly revised with the most up-to-date content and resources to give you a more comprehensive understanding of the criminal courts system.

Introduction to Criminal Justice: Systems, Diversity, and Change, Second Edition, offers students a brief, yet comprehensive, introduction to Criminal Justice with up-to-date coverage of all aspects of the criminal justice system in succinct and engaging chapters. Authors Callie Marie Rennison and Mary Dodge weave four true criminal case studies throughout the book, capturing students' attention with memorable stories that illustrate the real-life pathways and outcomes of criminal behavior and victimization. Designed to show the connectedness of the criminal justice system, each case study brings the chapter concepts to life. To further captivate and inform students, important and timely topics such as ethics, policy, gender, diversity, victimization, and white-collar crime are discussed throughout.

"This is a great text. It is comprehensive and easy to understand. The illustrations will enable students to learn and remember the information. This is the first research methods text I have read that is actually fun to read." —Tina L. Freiburger, University of Wisconsin-Milwaukee Research Methods in Criminal Justice and Criminology connects key concepts to real field research and practices using contemporary examples and recurring case studies that demonstrate how concepts relate to students' lives. Authors Callie M. Rennison and Timothy C. Hart introduce practical research strategies used in criminal justice to show students how a research question can become a policy that changes or influences criminal justice practices. The book's student-driven approach addresses both the why and the how as it covers the research process and focuses on the practical application of data collection and analysis. By demonstrating the variety of ways research can be used and reinforcing the need to discern quality research, the book prepares students to become critical consumers and ethical producers of research. This is a comprehensive, introductory criminal law textbook that expands upon traditional concepts and cases by coverage of the most contemporary topics and issues. Contemporary material, including terrorism, computer crimes, and hate crimes, serves to illuminate the ever-evolving relationship between criminal law, society and the criminal justice system's role in balancing competing interests. The case method is used throughout the book as an effective and creative learning tool. Features include: vignettes, core concepts, 'Cases and Concepts', 'You Decides, excerpts from state statutes, 'legal equations' and 'Crime in the News boxes' fully developed end-of-chapter pedagogy includes review questions, legal terminology and 'Criminal Law on the Web' resources" instructor resources (including PowerPoint slides, a computerized testbank and classroom activities) and a Student Study Site accompany this text

This contemporary, comprehensive, case-driven textbook from award-winning teacher Matthew Lippman covers the constitutional foundation of criminal procedure and includes numerous cases selected for their appeal to today's students. Organized around the challenge of striking a balance between rights and liberties, *Criminal Procedure, Third Edition* emphasizes diversity and its impact on how laws are enforced. Built-in learning aids, including You Decide scenarios, Legal Equations, and *Criminal Procedure in the News* features, engage students and help them master key concepts. Fully updated throughout, the Third Edition includes today's most recent legal developments and decisions.

Fundamentals of Criminal Law: Caught in the Act offers an accessible, comprehensive and contemporary survey of the field. With a focus on the current state of the law and on contemporary problems that matter to students, all presented in way that piques curiosity and interest, this book will cover topics such as hate crime, free speech, human trafficking, firearms possession and use, self-defense, cybercrime, and Internet stalking. Author Daniel E. Hall has written engaging content to help students think critically about how criminal acts are defined, defended, and determined. Built around a conversational narrative, the concepts and optional case studies connect to real life. There is also a clear emphasis on cases and examples that are relevant to criminal justice majors and future practitioners, such as litigation against police and correctional officers, terrorism, the death penalty, corporal punishment in prisons, etc. Try these free Criminal Law activities in your class This title is accompanied by a complete teaching and learning package. This contemporary, comprehensive, case-driven book from award-winning teacher Matthew Lippman covers the constitutional foundation of criminal procedure and includes numerous cases selected for their appeal to today's students. Organized around the challenge of striking a balance between rights and liberties, *Criminal Procedure, Fourth Edition* emphasizes diversity and its impact on how laws are enforced. Built-in learning aids, including You Decide scenarios, Legal Equations, and *Criminal Procedure in the News* features, engage students and help them master key concepts. Fully updated throughout, the Fourth Edition includes today's most recent legal developments and decisions. Features and Benefits A chapter-opening vignette drawn from a case in the chapter gets students immediately involved in the content that follows. Test Your Knowledge questions at the beginning of each chapter help students activate prior knowledge read with purpose for topics they don't yet know. Edited cases introduced by clear and accessible descriptions provide students with concrete examples and illustrations and expose them to the actual documents that have shaped the American criminal justice system. Additional edited cases are available on

the student study website. Legal Equations offer visual overviews of the laws and concepts discussed in the text. Questions after each case reinforce learning and help students uncover the key points. Criminal Procedure in the News excerpts expose students to contemporary developments in the law through current events. Chapter Summaries and Chapter Review Questions help students prepare for exams. A chapter-ending Legal Terminology section with corresponding Glossary helps students master the vocabulary of the criminal justice system. New to this Edition A number of significant, new U.S. Supreme Court decisions are now cases discussed in the book, such as *United States v. Carpenter*, which raised important questions around police use of new technology. Other new cases address important issues including privacy, racial discrimination, and effective assistance of counsel, search and seizure, juries, plea bargaining, the exclusionary rule, pretrial motions, and habeas corpus. Features. The content includes a new Test Your Knowledge feature and a number of new You Decide and Criminal Procedure in the News features that explore crucial topics such as police use of deadly force, the second amendment and gun control, a defendant's right to a bail, racial bias in jury deliberations, searches of electronic devices, and much more. Topics. Several new topics have been added or expanded to reflect their growing impact on criminal procedure. These topics include technology and the home, police use of cell-site location information and body cameras, patterns and trends of Terry stops in major cities across the US, individuals being arrested for "Walking While Black," racial bias in the judiciary, and the impact of the policies of the Trump administration on the use of drones, the detention of undocumented immigrants, and the continued operation of the detention facilities at Guantanamo.

Adopt this bundle, and your students SAVE! This bundle is just dollars more than the price of the main textbook alone. Hardcover: \$79.95; ISBN: 9781412905800 "It is important to understand the development of law and the law generally from statutes rather than merely relying on case review and interpretation. Lippman provides a more academic and thorough approach, and SAGE is developing instructor guides and power point presentations for the textbook, which should prove very helpful. In sum, I whole-heartedly endorse Lippman's book for Criminal Law, and I look forward to using it in my own classes." -Glenn Coffey, University of North Florida *Contemporary Criminal Law: Concepts, Cases, and Controversies* is an introductory text that features "the new criminal law," expanding on traditional criminal law cases and concepts with contemporary topics and issues. Author Matthew R. Lippman uses an engaging case study approach to enhance student learning and offer an interactive educational environment. Key Features: Employs a unique case study approach: Edited cases and accompanying exploratory essays present the fundamentals of criminal law. These engaging cases are designed to develop skills in case analysis and critical and logical thinking. Emphasizes contemporary cases and issues: While classic cases fundamental to the study of criminal law are presented, contemporary cases and issues reflecting our increasingly diverse and urbanized society are central to the book. Cases on carjacking, computer crime, drugs, gangs, stalking, terrorism, white collar crime, cultural diversity, and animal rights are included. Attention is also devoted to gender, race, domestic violence, and hate crimes. Incorporates valuable learning tools: In addition to the illustrative cases and essays, this book contains a variety of special features including side-bars, thematic boxes, inserts, discussion questions, legal equations, case comments, and much more to facilitate student comprehension. "You Decide" exercises enable students to apply what they have learned from the cases and help to involve them with the text material. Accompanied by High Quality Ancillaries! A full ancillary package comes with this text and includes: An Instructor's CD-ROM A Web-based Student Study Site at <http://www.sagepub.com/lippmanstudy> that features: Unique, online state-specific guides that supplement each chapter of the text for California, Texas, New York, Illinois, Florida, and Ohio MP3 audio files from the author himself who provides insight into the text E-flashcards Web quizzes Learning from SAGE research articles Case narratives, and much more! Intended Audience: This book uniquely combines the concepts, learning tools, and features found in undergraduate texts with the types of challenging cases and issues that are characteristic of law school case books. It is the perfect text for undergraduate students studying criminal law in the department of Criminal Justice. Paperback: \$34.95; ISBN: 9780761921769 Hardcover: \$89.95; ISBN: 9780761921752 A handy reference for students, professionals, and anyone interested in criminal justice and criminology, *The Concise Dictionary of Crime and Justice* is an excellent, wide-ranging resource with clear definitions for over 2,000 key criminal justice terms. Often going beyond simple definitions, the dictionary presents and explains common misperceptions for selected entries. The concise definitions of terms will be easily accessible to a wide audience¾ from students in introductory courses to professionals looking to brush up on key terms. Some of the topics covered in entries include: abduction,

cycle of violence, eyewitness testimony, facial reconstruction, habeas corpus, La Cosa Nostra, Nuremberg Principle, Palestinian Liberation Organization (PLO), typology, Walker spy ring, and zoophilia. Features/Benefits: Each term will contain the following: Over 2,000 entries A complete, current definition of the term A discussion of common misconceptions or controversies surrounding the term A cross-reference to other entries in the dictionary

Inside the Criminal Courts is an innovative textbook that combines elements of nonfiction with fictional stories based in large part on author David Lynch's experiences as a full-time prosecutor and full-time public defender. Lynch, who holds both a law degree and a PhD in criminal justice, has published numerous articles on the criminal courts in such leading journals as *Law & Social Inquiry*, *Criminal Justice and Behavior*, and the *Journal of Criminal Justice*. He currently teaches in the criminal justice program at Weber State University where he recently won a prestigious teaching award. *Inside the Criminal Courts* covers all of the usual topics generally associated with a course on the criminal courts, but does so by integrating the essentials into compelling and realistic stories that are enjoyable to read. Students learn important concepts and terms which are embedded in instructive case studies featuring prosecutors, defense attorneys, judges, witnesses, defendants, and others. Far from being merely a book on the law, this text takes the reader behind the scenes on a journey into the real world dynamics of criminal courthouse justice. An instructor's manual (including a test bank) is available. Topics explored in this book are presented in fifteen chapters as follows: (1) The Education of Lawyers and Judges; (2) A Day in Juvenile Court; (3) Justice Delayed; (4) The Criminal Defense Attorney; (5) The Prosecuting Attorney; (6) The Judge; (7) The Witness; (8) The Steps of Due Process; (9) The Plea Bargain; (10) The Trial, Part I; (11) The Trial, Part II; (12) The Jury Deliberates; (13) Sentencing; (14) The Appeal; (15) Problem-Solving Courts. In this second edition, the author (who has both a law degree and a Ph.D. in criminal justice) has added, among other things, helpful "Questions for Class Discussion" to each chapter and a brand new, provocative final chapter that ties the entire book together.

In the United States today criminal justice can vary from state to state, as various states alter the Modern Penal Code to suit their own local preferences and concerns. In Eastern Europe, the post-Communist countries are quickly adopting new criminal codes to reflect their specific national concerns as they gain autonomy from what was once a centralized Soviet policy. As commonalities among countries and states disintegrate, how are we to view the basic concepts of criminal law as a whole? Eminent legal scholar George Fletcher acknowledges that criminal law is becoming increasingly localized, with every country and state adopting their own conception of punishable behavior, determining their own definitions of offenses. Yet by taking a step back from the details and linguistic variations of the criminal codes, Fletcher is able to perceive an underlying unity among diverse systems of criminal justice. Challenging common assumptions, he discovers a unity that emerges not on the surface of statutory rules and case law but in the underlying debates that inform them. *Basic Concepts of Criminal Law* identifies a set of twelve distinctions that shape and guide the controversies that inevitably break out in every system of criminal justice. Devoting a chapter to each of these twelve concepts, Fletcher maps out what he considers to be the deep structure of all systems of criminal law. Understanding these distinctions will not only enable students to appreciate the universal fundamental ideas of criminal law, but will enable them to understand the significance of local details and variations. This accessible illustration of the unity of diverse systems of criminal justice will provoke and inform students and scholars of law and the philosophy of law, as well as lawyers seeking a better understanding of the law they practice.

Contemporary Criminal Law: Concepts, Cases, and Controversies, Third Edition, combines the traditional concepts taught in undergraduate criminal law courses with thought-provoking cases and engaging learning tools. This popular text covers both foundational and emerging legal topics, such

as terrorism, gangs, cybercrime, and hate crimes, in a student-friendly and approachable manner. Clear explanations of criminal law and defenses are complemented by provocative, well-edited cases as well as discussion questions to stimulate critical thinking and in-class discussion.

"This is a well-rounded book that seems more interesting to students than other books I have used. It provides information on some cutting-edge themes in law and society while staying well grounded in the theories used by law and society practitioners." —Lydia Brashear Tiede, Associate Professor, University of Houston Law and Society, Second Edition, offers a contemporary, concise overview of the structure and function of legal institutions, along with a lively discussion of both criminal and civil law and their impact on society. Unlike other books on law and society, Matthew Lippman takes an interdisciplinary approach that highlights the relevance of the law throughout our society. Distinctive coverage of diversity, inequality, civil liberties, and globalism is intertwined through an organized theme in a strong narrative. The highly anticipated Second Edition of this practical and invigorating text introduces students to both the influence of law on society and the influence of society on the law. Discussions of the pressing issues facing today's society include key topics such as the law and inequality, international human rights, privacy and surveillance, and law and social control. This book addresses the philosophical questions that arise when neuroscientific research and technology are applied in the legal system. The empirical, practical, ethical, and conceptual issues that Pardo and Patterson seek to redress will deeply influence how we negotiate and implement the fruits of neuroscience in law and policy in the future.

An Interdisciplinary Approach *Criminal Law* provides students with an integrated framework for understanding the U.S. criminal justice system with a diverse and inclusive interdisciplinary approach and thematic focus. Authors Katheryn Russell-Brown and Angela J. Davis go beyond the law and decisions in court cases to consider and integrate issues of race, gender, and socio-economic status with their discussion of criminal law. Material from the social sciences is incorporated to highlight the intersection between criminal law and key social issues. Case excerpts and detailed case summaries, used to highlight important principles of criminal law, are featured throughout the text. The coverage is conceptual and practical, showing students how the criminal law applies in the "real world"—not just within the pages of a textbook.

The Second Edition of *Defenses in Contemporary International Criminal Law* ventures farther into this uneasy territory than any previous work, offering a meticulous analysis of the case law in the post World War II Military Tribunals and the ad hoc tribunals for Rwanda and the Former Yugoslavia, with particular attention to the defenses developed, their rationales, and their origins in various municipal systems. It analyzes the defense provisions in the charters and statutes underlying these tribunals and the new International Criminal Court, while examining the first judgment in this field rendered by the Special Court for Sierra Leone, on June 20, 2007.

Contemporary Criminal Law: Concepts, Cases, and Controversies, Fourth Edition, combines the traditional concepts taught in undergraduate criminal law courses with thought-provoking cases and engaging learning tools. This bestselling text covers both foundational and emerging legal topics, such as terrorism, gangs, cybercrime, and hate crimes, in a student-friendly and approachable manner. Clear explanations of criminal law and defenses are complemented by provocative, well-edited cases and discussion questions that stimulate critical thinking and in-class discussion.

American Law and Legal Systems examines the philosophy of law within a political, social, and economic framework with great clarity and insight. Readers are introduced to operative legal concepts, everyday law practices, substantive procedures, and the intricacies of the American legal system. Eliminating confusing legalese, the authors skillfully explain the basics, from how a lawsuit is filed to the final appeal. This new edition provides essential updates to forensic and scientific evidence, contract law, family law, and includes new text boxes and tables to help students understand, remember, and apply central concepts.

"This is a well-rounded book that seems more interesting to students than other books I have used. It provides information on some cutting-edge themes in law and society while staying well grounded in the theories used by law and society practitioners." —Lydia Brashear Tiede, Associate Professor, University of Houston Law and Society, Second Edition, offers a contemporary, concise overview of the structure and function of legal institutions, along with a lively discussion of both criminal and civil law and their impact on society. Award-winning professor and author Matthew Lippman enhances teaching and learning with his newest text, *Striking the Balance: Debating Criminal Justice and Law*. Organizing the book around clashing points of view on contemporary issues in criminal justice and criminal law, Lippman puts each debate into context for students to help them develop a better understanding of the issue. Designed to develop the reader's critical thinking skills, the text offers students summaries of contrasting views from original sources, questions for classroom discussion, and engaging "You Decide" activities. Additionally, chapter topics are independent of one another, giving instructors the flexibility to customize the material to their individual course organization. Edited to minimize technical legal terms, the text is the perfect companion to any criminal law or introductory criminal justice textbook.

Introduction to American Policing: An Applied Approach connect criminal justice, criminology, and law enforcement knowledge to the progress of the police community. Case studies, narratives from violators, and current research coverage help students recognize the central theories and practical (documented) realities of American law enforcement. Students are encouraged to consider the way some believe policing should be while examining evidence about the way it is. This text will also provide a current description of local and state police organization partnerships with federal organizations and of the efforts accomplished by federal law enforcement agencies including the Department of Homeland Security (DHS).

What makes someone responsible for a crime and therefore liable to punishment under the criminal law? Modern lawyers will quickly and easily point to the criminal law's requirement of concurrent actus reus and mens rea, doctrines of the criminal law which ensure that someone will only be found criminally responsible if they have committed criminal conduct while possessing capacities of understanding, awareness, and self-control at the time of offense. Any notion of criminal responsibility based on the character of the offender, meaning an implication of criminality based on repu-

tation or the assumed disposition of the person, would seem to today's criminal lawyer a relic of the 18th Century. In this volume, Nicola Lacey demonstrates that the practice of character-based patterns of attribution was not laid to rest in 18th Century criminal law, but is alive and well in contemporary English criminal responsibility-attribution. Building upon the analysis of criminal responsibility in her previous book, *Women, Crime, and Character*, Lacey investigates the changing nature of criminal responsibility in English law from the mid-18th Century to the early 21st Century. Through a combined philosophical, historical, and socio-legal approach, this volume evidences how the theory behind criminal responsibility has shifted over time. The character and outcome responsibility which dominated criminal law in the 18th Century diminished in ideological importance in the following two centuries, when the idea of responsibility as founded in capacity was gradually established as the core of criminal law. Lacey traces the historical trajectory of responsibility into the 21st Century, arguing that ideas of character responsibility and the discourse of responsibility as founded in risk are enjoying a renaissance in the modern criminal law. These ideas of criminal responsibility are explored through an examination of the institutions through which they are produced, interpreted and executed; the interests which have shaped both doctrines and institutions; and the substantive social functions which criminal law and punishment have been expected to perform at different points in history.

This timely and engaging text introduces the key topics in *White Collar Crime*, while providing an overview of both organizational and criminological theory. Throughout the text, *Law in the Real World* examples and in-depth Case Studies offer the opportunity to apply the theoretical to actual situations. Throughout the text, experienced author Laura Pinto Hansen discusses the cultural and structural reasons for why white collar crime happens, even in the most regulated of industries, including financial markets and medicine. *White Collar and Corporate Crime: A Case Study Approach* provides the perfect introduction to the world of white collar crime. Professors and students will benefit from: *Law in the Real World* feature explores both well-known and lesser known examples of white collar crime, providing exposure to a wide variety of crimes in an understandable context. Discussion questions encourage students to analyze these examples in more depth. Case Studies provide an opportunity to dive deeper into a single white collar crime case related to the specific chapter. Broad coverage of a wide range of topics in a readable and engaging style. Chapters include chapter objectives, a glossary of key terms, and chapter summaries to help students unders-

tand new concepts. An introductory chapter that familiarizes students with how organizations are supposed to work, in theory, if they plan on functioning within legal boundaries. Coverage of the role of social networks in white collar crime, including its theory and terminology and use in criminal investigations in Chapter 3 Examination of the intersection of cybercrime and white collar crime in Chapter 7 Timely coverage, including the recent impeachment proceedings and effects of COVID-19

With wit and intelligence, Leo Katz seeks to understand the basic rules and concepts underlying the moral, linguistic, and psychological puzzles that plague the criminal law. "Bad Acts and Guilty Minds . . . revives the mind, it challenges superficial analyses, it reminds us that underlying the vast body of statutory and case law, there is a rationale founded in basic notions of fairness and reason. . . . It will help lawyers to better serve their clients and the society that permits attorneys to hang out their shingles."—Edward N. Costikyan, *New York Times Book Review*

This book provides an analysis of the two concepts of power and crime and posits that criminologists can learn more about these concepts by incorporating ideas from disciplines outside of criminology. Although arguably a 'rendezvous' discipline, Vincenzo Ruggiero argues that criminology can gain much insight from other fields such as the political sciences, ethics, social theory, critical legal studies, economic theory, and classical literature. In this book Ruggiero offers an authoritative synthesis of a range of intellectual conceptions of crime and power, drawing on the works and theories of classical, as well as contemporary thinkers, in the above fields of knowledge, arguing that criminology can 'humbly' renounce claims to intellectual independence and adopt notions and perspectives from other disciplines. The theories presented locate the crimes of the powerful in different disciplinary contexts and make the book essential reading for academics and students involved in the study of criminology, sociology, law, politics and philosophy.
