Merely said, the Criminal Justice In America 7th Edition Cole is universally compatible afterward any devices to read.

00D - CHOI HORTON

Authored by Steven Messner and Richard Rosenfeld, both highly respected scholars and researchers, *CRIME AND THE AMERICAN DREAM*, 5th Edition is the seminal work in a major segment of criminological theory. The foundation of the book is institutional anomie theory (an offshoot of Mertonian anomie theory), which the authors posit helps to explain why America's over-emphasis on the pursuit of materialistic gain contributes to the country's high rate of violent crime. Featuring a very clear and accessible writing style, this is a theory book that students will actually understand. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

An engaging text/CD-ROM package with many features designed to spark student interest. Coverage progresses from measuring and explaining crime through policing, prisons, and the juvenile justice system. Boxed readings deal with criminal justice in action, criminal justice and technology, and popular culture, and offer first-person accounts of crimi

Organized Crime: From the Mob to Transnational Organized Crime, Seventh Edition, provides readers with a clear understanding of organized crime, including its definition and causes, how it is categorized under the law, models to explain its persistence, and the criminal justice response to organized crime, including investigation, prosecution, defense, and sentencing. This book offers a comprehensive survey, including an extensive history of

the Mafia in the United States; a legal analysis of the offenses that underlie organized crimes; specific attention to modern manifestations of organized crime activity, such as human smuggling, Internet crimes, and other transnational criminal operations; and the application of ethics to the study of organized crime. A new section has been added on threat assessment in organized crime. Chapters are enhanced by updated photos, tables, charts, and critical thinking exercises that help students apply concepts to actual organized crime cases. Every chapter includes two student-friendly special features: Organized Crime Biography and Organized Crime at the Movies. A glossary gives students a quick reference for looking up important definitions of organized crime-related terms, and a Timeline of Organized Crime in the United States highlights important events in the history of organized crime.

Juvenile Justice: An Introduction is a student-friendly analysis of all aspects of the juvenile justice system. The book covers the history and development of the juvenile justice system and the unique issues related to juveniles, including police interaction, court processes, due process, movements toward diversion and deinstitutionalization, and community intervention. This book also examines particular issues within juvenile justice, such as female delinquency, gang delinquency, and the use of the death penalty and Life Without Parole with juveniles. Evidence-based suggestions for successful interventions and treatment are included, with a focus on performing cost-benefit analyses of what works versus what is ineffective with juveniles. The book concludes with a look to the future of the juvenile court, including the real possibility of abolition. Provides an engaging introduction to all aspects

of the juvenile justice system in America. This seventh edition builds on a trusted and well-known textbook with new material on key issues such as sexting, bullying, social media, and the issues of non-delinquent youths. Robust offerings for students include study questions, discussion questions, "What You Need to Know" sections in each chapter, key terms identified, online case study questions, and links to relevant websites. Instructors are provided with helpful test question banks, lesson plans, sample syllabi, PowerPoint lecture slides, and links to useful websites. Glossary consolidates key terms with definitions.

Understanding case law in high-liability areas and performing the job within a legal framework places a criminal justice agency in the best position to defend against a lawsuit. This handbook addresses the problems confronting criminal justice practitioners and their agencies due to the ever-increasing number of civil liability lawsuits. It introduces the reader to civil liability generally and the federal law specifically, while indicating the steps that can be taken to minimize the risk of litigation. Civil Liability in Criminal Justice is one of very few texts on the subject that combines applicable case law and related liability research, a valuable feature for current and future policy makers and managers. Ross also provides an overview of current case law in high-liability areas, enhancing student knowledge and practitioner job performance.

Explore the American corrections system from the perspective of both the corrections worker and the offender in AMERICAN CORRECTIONS, Tenth Edition. Comprehensive yet not overwhelming, the book covers both institutional and community sanctions, incor-

porating high-profile corrections cases taken from recent headlines to reinforce important theories. The authors "tell it like it is," offering you thought-provoking, unbiased examinations of such topics as assisting felons during the re-entry process, reducing recidivism, the death penalty, and surveillance. You'll also get a frontline view of careers in the corrections field.

Illustrates the issue of economic inequality within the American justice system. The best-selling text, *The Rich Get Richer and the Poor Get Prison* contends that the criminal justice system is biased against the poor from start to finish. The authors argue that even before the process of arrest, trial, and sentencing, the system is biased against the poor in what it chooses to treat as crime. The authors show that numerous acts of the well-off--such as their refusal to make workplaces safe, refusal to curtail deadly pollution, promotion of unnecessary surgery, and prescriptions for unnecessary drugs--cause as much harm as the acts of the poor that are treated as crimes. However, the dangerous acts of the well-off are almost never treated as crimes, and when they are, they are almost never treated as severely as the crimes of the poor. Not only does the criminal justice system fail to protect against the harmful acts of well-off people, it also fails to remedy the causes of crime, such as poverty. This results in a large population of poor criminals in our prisons and in our media. The authors contend that the idea of crime as a work of the poor serves the interests of the rich and powerful while conveying a misleading notion that the real threat to Americans comes from the bottom of society rather than the top. Learning Goals Upon completing this book, readers will be able to: Examine the criminal justice system through the lens of the poor. Understand that much of

what goes on in the criminal justice system violates one's own sense of fairness. Morally evaluate the criminal justice system's failures. Identify the type of legislature that is biased against the poor.

This book is concerned to explore the changing role of the Parole Board across the range of its responsibilities, including the prediction of risk and deciding on the release (or continued detention) of the growing number of recalled prisoners and of those subject to indeterminate sentences. In doing so it aims to rectify the lack of attention that has been given by lawyers, academics and practitioners to back door sentencing (where the real length of a sentence is decided by those who take the decision to release) compared to front door sentencing' (decisions taken by judges or magistrates in court). Particular attention is given in this book to the important changes made to the role and working of the Parole Board as a result of the impact of the early release scheme of the Criminal Justice Act 2005, with the Parole Board now deciding in Panels concerned with determinate sentence prisoners, lifers and recalled prisoners. A wide range of significant issues, and case law, has arisen as a result of these changes, which the contributors to this book, leading authorities in the field, aim to explore.

Introducing the fundamentals of ethical theory, *Ethics in Criminal Justice: In Search of the Truth*, Seventh Edition, exposes the reader to the ways and means of making moral judgments by exploring the teachings of the great philosophers, sources of criminal justice ethics, and ethical issues in the criminal justice system. It is presented from two perspectives: a thematic perspective that addresses ethical principles common to all components of the dis-

cipline, and an area-specific perspective that addresses the state of ethics in criminal justice in the fields of policing, corrections, and probation and parole. The seventh edition features discussion of current critical issues in criminal justice: accusations of racism, police shootings, stop and frisk policy, marijuana laws, mass incarceration, life sentences, prison privatization, the swift and certain deterrence model of probation, excessive probation fees, and the Good Lives Model in corrections. The seventh edition also offers completely revised coverage of capital punishment and the rehabilitation debate, and a discussion of how juvenile justice often fails to live up to its ideals. Finally, the book features new case studies of recent ethical dilemmas in criminal justice to enhance students' understanding of real-life ethics decision-making. Suitable for advanced undergraduates or graduate students in criminal justice programs in the US and globally, this text offers a classical view of ethical decision-making and is well-grounded in specific case examples.

Saney cogently argues that in the absence of adequate support within social and legal norms, a heavy burden is placed upon the criminal justice system, a burden that it cannot carry. Criminal law and the courts fail to provide for either swiftness or certainty of punishment; police have failed to overcome the basic American distrust of authority to gain the comparable support enjoyed by police in other countries; and the penal system operates under contradictory goals, isolated from public view or support. The final chapter presents a succinct set of proposals for changing the justice system to one that would be humane and more just. Choice This thought-provoking study of the crime problem in America provides an in-depth look at the sociological forces that

are dominant in today's society and examines the possible influence of certain contemporary values and perceptions on criminal activity, the quality of justice in the American courts, and the attitude of the general public. The author discusses the various factors that can affect or encourage criminal behavior and relates these directly to the way people feel and respond to the incidence of crime and its punishment, and to a growing lack of confidence in the criminal justice system. Crime in America is first presented in a factual context, followed by a discussion of its cultural influences, and finally with a consideration of its criminal law aspects.

Juvenile Justice: An Introduction, 8th edition, presents a comprehensive picture of juvenile offending, delinquency theories, and how juvenile justice actors and agencies react to delinquency. It covers the history and development of the juvenile justice system and the unique issues related to juveniles, offering evidence-based suggestions for successful interventions and treatment and examining the new balance model of juvenile court. This new edition not only includes the latest available statistics on juvenile crime and victimization, drug use, court processing, and corrections, but provides insightful analysis of recent developments, such as those related to the use of probation supervision fees; responses to gangs and cyber bullying; implementing the deterrence model (Project Hope); the possible impact of drug legalization; the school-to-prison pipeline; the extent of victimization and mental illness in institutions; and implications of major court decisions regarding juveniles, such as Life Without Parole (LWOP) for juveniles. Each chapter enhances student understanding with Key Terms, a "What You Need to Know" section highlight-

ing important points, and Discussion Questions. Links at key points in the text show students where they can go to get the latest information, and a comprehensive glossary aids comprehension.

This text provides an in-depth look at policy issues related to policing, courts, and corrections. It gives students the opportunity to look at difficult issues related to important topics, through an interesting selection of readings. Flexible in its design, the book includes twenty-seven classic and contemporary articles that promote understanding of important issues in the field and encourage readers to think critically about the links between police, politics, law and the administration of justice. Students will explore everything from the crime policies that do or do not work to the latest hot topics.

Introduction to Criminal Justice: Systems, Diversity, and Change, Second Edition, offers students a brief, yet comprehensive, introduction to Criminal Justice with up-to-date coverage of all aspects of the criminal justice system in succinct and engaging chapters. Authors Callie Marie Rennison and Mary Dodge weave four true criminal case studies throughout the book, capturing students' attention with memorable stories that illustrate the real-life pathways and outcomes of criminal behavior and victimization. Designed to show the connectedness of the criminal justice system, each case study brings the chapter concepts to life. To further captivate and inform students, important and timely topics such as ethics, policy, gender, diversity, victimization, and white-collar crime are discussed throughout.

Today's headlines vividly illustrate the importance of understand-

ing aspects of the criminal justice system too often ignored. While the second edition of Crime and Criminal Justice in American Society includes the most recent statistics on the police, courts, and corrections, its provocative, current examples also spur critical thinking about justice in the United States. The authors offer an alternative interpretation of criminal justice rarely presented in traditional textbooks or by the media. They encourage readers to examine their beliefs about crime, punishment, and the law. Discussions in the chapters about how African Americans, Hispanics, whites, women, juveniles, the rich, and the poor experience crime and the criminal justice system contribute context for understanding different viewpoints. The poor and minorities are the most likely to be caught in the net of criminal justice—but inequities have consequences for everyone. Reflection on various perspectives provides helpful input for assessing attitudes and for becoming actively involved with issues that have significant consequences. Eighteen thoroughly revised chapters present historical backgrounds, theories, and emerging issues. New to the second edition is a chapter on veterans involved in the criminal justice system. Affordable, succinct, and engaging, this textbook presents the key concepts of the criminal justice system at less than half the cost of many competing textbooks. This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in criminal justice administration Justice Administration: Police, Courts, and Corrections Management is a comprehensive and contemporary text that examines relevant facets of, and current topics relating to, criminal justice administration. It is written with a unique, real-

world flavor and allows readers to apply their knowledge through “Deliberate and Decide” challenges included in every chapter. The logical organization of the text provides readers with a comfortable flow of information, beginning with a basic examination of the study and scope of justice administration and rights of criminal justice employees, followed by a focus on police, courts, and corrections agencies. It concludes with considerations of ethics, special challenges, financial administration, and technologies. Two appendices contain 28 case studies that challenge readers’ knowledge and their application of related materials. The Eighth Edition has been substantially reorganized and includes updated topics in every chapter as well as new case studies.

Covering criminal justice history on a cross-national basis, this book surveys criminal justice in Western civilization and American life chronologically from ancient times to the present. It is an introduction to the historical problems of crime, law enforcement and penology, set against the background of major historical events and movements. Integrating criminal justice history into the scope of European, British, French and American history, this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories. The text now concludes with a chapter that addresses terrorism and homeland security.

Introduction to Criminal Justice, Second Edition, provides you with balanced, comprehensive, and up-to-date coverage of all aspects of the criminal justice system. Authors Brian K. Payne, Willard M. Oliver, and Nancy E. Marion cover criminal justice from a student-centered perspective by identifying the key issues confronting to-

day’s criminal justice professionals. You are presented with objective, research-driven material through an accessible and concise writing style that makes the content easier to comprehend. By exploring criminal justice from a broad and balanced perspective, you will understand how decision making is critical to the criminal justice process and your future career. The fully updated Second Edition has been completely revised to include new studies and current examples that are relatable to today’s students. Two new feature boxes have been added to this edition to help you comprehend and apply the content. “You Have the Right to...” gives insight into several Constitutional amendments and their relationship with criminal justice today; and “Politics and Criminal Justice” explores current political hot topics surrounding the justice system and the debates that occur on both sides of the political aisle.

&>Unique in approach, this book presents an intimate look at juvenile justice. Juvenile Justice in America, Seventh Edition, provides an intimate look at the lives of juveniles, their experiences in society, and the consequences of those experiences. The text carefully examines the characteristics, procedures, policies, and problems of American juvenile justice systems. The authors also discuss the issues and challenges that must be faced in order to develop more just systems and a more humane present and future for juveniles. The text maintains a balance of theory, evidence-based findings, law, and practice, and provides the most up-to-date material possible.

Crime in America in a Nutshell features a social media campaign to introduce Crime in America: Conservatives' Approaches toward Criminals, Police, Criminal Justice, and the Opioid Crisis to the gen-

eral public. As such, it includes a series of 120 posts -- 5 a week for 24 weeks in 280 words or less -- which present some major findings and suggestions from the book with a link to enable readers to get a free review copy of the complete book. Each post also includes a photo or video that illustrates the message in the post. The goal of this campaign has been to introduce readers to both the Crime in America book and its publishers -- American Leadership Books, which specializes in books on criminal justice and American society. As these posts illustrate, Crime in America examines what's wrong with the criminal justice system and how to fix it. The book examines the police, courts and prisons and provides some suggestions of what to change. It helps citizens understand what's going on so they can take some action, from contacting their legislators and the media to organizing local groups to take some action. About the Author The author of the social media posts and Crime in America is Paul Brakke, a criminal justice expert who has written seven books on the system published by American Leadership Books. His other books include: The Costly U.S. Prison System, Fixing the U.S. Criminal Justice System, Dealing with Illegal Immigration and the Opioid Crisis, The Price of Justice in America, and The Great National Divides.

Ideal for undergraduate or graduate-level courses, Research Methods for Criminology and Criminal Justice, Fourth Edition introduces students to the functions of criminal justice research including basic ideas behind scientific theory, research language, and research design.

Corrections in the Community, Sixth Edition, examines the current state of community corrections and proposes an evi-

dence-based approach to making programs more effective. As the U.S. prison system approaches meltdown, options like probation, parole, alternative sentencing, and both residential and non-residential programs in the community continue to grow in importance. This text provides a solid foundation and includes the most salient information available on the broad and dynamic subject of community corrections. Authors Latessa and Smith organize and evaluate the latest data on the assessment of offender risk/need/responsivity and successful methods that continue to improve community supervision and its effects on different types of clients, from the mentally ill to juveniles. This book provides students with a thorough understanding of the theoretical and practical aspects of community corrections and prepares them to evaluate and strengthen these crucial programs. This sixth edition includes a new chapter on specialty drug and other problem-solving courts. Now found in every state, these specialty courts represent a new way to deal with some of the problems that face our citizens, be it substance abuse or reentry to the community from prison. Chapters contain key terms, boxed material, review questions, and recommended readings, and a glossary is provided to clarify important concepts.

Based on Earl Babbie's best-selling text, THE PRACTICE OF SOCIAL RESEARCH, this text combines the key strengths of Babbie's text (accessibility; a conversational, "friendly" writing style; and great examples) with Michael G. Maxfield's expertise in criminology and criminal justice for a text that addresses the specific methods used in criminal justice research. The new edition of this market-leader includes changes in its coverage of ethics, causation, validity, and research design, as well as updated coverage and

statistics, and expanded examples, especially in the discussion of field research. A running case study on the dropping crime rate in New York City study to which co-author Maxfield has close links—further demonstrates the important role of research methods in our evolving understanding of crime and society.

Faculty praised each of the previous six editions of Howard Abadinsky's clear, comprehensive overview of the US legal system. His latest edition—*Law, Courts, and Justice in America* (previously *Law and Justice*)—represents a refined, updated synthesis of the complex, fluid justice system in the United States. Part I (Law) describes the history of the US justice system and the emergence of law schools; the realities of a law school education; and the current state of the legal profession for both women and men. Part II (Courts) unravels the structure of federal and state court systems, delineating differences between constitutional and legislative courts and between trial and appellate courts; the structure and purpose of appellate courts; and the Supreme Court, noting variations in the interpretation of statutes, the Constitution, and the original intent of legislators; and the roles of judges, prosecutors, and attorneys. Part III (Justice) demystifies the criminal, civil, and juvenile judicial processes; plea-bargaining and the controversies surrounding it; and adjudication options outside of traditional, adversarial legal venues. Throughout, landmark cases, important historical events, illustrative examples, and boxed items highlight or expand chapter content.

The premier choice for Courts courses for decades, this popular text offers a comprehensive explanation of the courts and the criminal justice system, presented in a streamlined, straightforward manner that appeals to instructors and students alike.

Neubauer and Fradella's crisp and clear writing, characterized by the organization of material into brief sections within chapters, ensures that readers gain a firm handle on the material. At the same time, the text's innovative courtroom workhouse model -- which focuses on the interrelationships among the judge, prosecutor, and defense attorney -- brings the courtroom to life. *AMERICA'S COURTS AND THE CRIMINAL JUSTICE SYSTEM* has long been known for the way it gives students an accurate glimpse of what it is like to work within the American criminal justice system, and the thirteenth edition is no exception. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Comprehensive and balanced, *THE COLOR OF JUSTICE: RACE, ETHNICITY, AND CRIME IN AMERICA* is the definitive introduction to current research and theories of racial and ethnic discrimination within America's criminal justice system. The sixth edition covers the best and the most recent research on patterns of criminal behavior and victimization, immigration and crime, drug use, police practices, court processing and sentencing, unconscious bias, the death penalty, and correctional programs, giving students the facts and theoretical foundation they need to make their own informed decisions about discrimination within the system. Uniquely unbiased, *THE COLOR OF JUSTICE* makes every effort to incorporate discussion of all major race groups found in the United States. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This book shows how to reduce out-of-control criminal justice and

create greater public safety, justice, and accountability at less cost.

The eighth edition offers an updated and streamlined examination of the American system of law, courts, and justice. Part I (Law) reviews the history of courts and justice, common law and civil law systems, as well as law schools and legal education. Part II (Courts) discusses lawyers and the practice of law; unravels the structure and administration of federal and state court systems; delineates the appellate process, the Supreme Court, and judicial review; and describes the roles of judges, prosecutors, and criminal defense attorneys. Part III (Justice) demystifies the criminal justice process, negotiated justice, civil justice, juvenile justice, and alternative forms of justice. Throughout the book, landmark cases, important historical events, illustrative examples, and boxed items highlight or expand chapter content. Each of the twelve chapters concludes with an extensive summary, a list of key terms, and review questions. There is also a glossary that provides a summary of important terms.

"This is a great text. It is comprehensive and easy to understand. The illustrations will enable students to learn and remember the information. This is the first research methods text I have read that is actually fun to read." —Tina L. Freiburger, University of Wisconsin-Milwaukee
Research Methods in Criminal Justice and Criminology connects key concepts to real field research and practices using contemporary examples and recurring case studies that demonstrate how concepts relate to students' lives. Authors Callie M. Rennison and Timothy C. Hart introduce practical research strategies used in criminal justice to show students how a research question can become a policy that changes or in-

fluences criminal justice practices. The book's student-driven approach addresses both the why and the how as it covers the research process and focuses on the practical application of data collection and analysis. By demonstrating the variety of ways research can be used and reinforcing the need to discern quality research, the book prepares students to become critical consumers and ethical producers of research. Profit Without Honor: White-Collar Crime and the Looting of America seeks to elucidate a very broad subject: white-collar crime. How broad? Its domain stretches from the small price-gouging merchant to the huge price-fixing cartel. It can breed in an anti-septic hospital or a toxic dump. It is at home on Main Street, Wall Street, Madison Avenue, and countless other addresses - including, at times, 1600 Pennsylvania Avenue.

A condensed, more accessible version of the best-selling correc-

tions book on the market, *AMERICAN CORRECTIONS IN BRIEF*, 3rd Edition, introduces students to the dynamics of corrections in a way that captures their interest and encourages them to enter the field. The brief paperback format makes this book more approachable, and the well-respected author team incorporates several pedagogical elements to promote students' success. Complete with valuable career-based material, insightful guest speakers, illuminating real-world cases, and uniquely even-handed treatment of institutional and community sanctions, the text examines the U.S. correctional system from the perspectives of both the corrections worker and the offender, providing students with a well-rounded, balanced introduction to corrections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Criminal Justice: A Balanced Approach provides students with engaging, comprehensive, and up-to-date coverage of all aspects of the criminal justice system. Esteemed authors Brian K. Payne, Willard M. Oliver, and Nancy E. Marion explore criminal justice from a student-centered perspective by presenting research-driven material in an accessible, clear, and succinct writing style. Two unique chapters on Perspectives on Crime and Criminal Justice Research and Crime Typologies provide students with the foundational knowledge that they need to be critical thinkers and active participants within their chosen field. Students are encouraged to imagine themselves in specific criminal justice situations and decide how they would respond to the situation with a balanced and effective solution. By exploring criminal justice from a balanced perspective with an issues-oriented ap-

proach, students will understand how decision-making is critical to the criminal justice process. In particular, students will come to appreciate how their own future careers will be shaped by the decisions they make. Interactive eBook also available--FREE when bundled with the print version! One of the few bestselling introductory criminal justice texts written by professors who actively teach the course to large numbers of undergraduates each year, *INTRODUCTION TO CRIMINAL JUSTICE* is uniquely attuned to the needs of today's students and instructors. Now in its sixteenth edition and known for its authoritative, solidly researched content, Siegel and Worrall's text delivers comprehensive, cutting-edge coverage of criminal justice. Extremely student friendly, the text's balanced and objective presentation is packed with provocative real-world examples and the latest developments from the field. Crisp writing, complemented

by vivid illustrations, deftly guides readers through the intricate workings of the police, courts, and correctional systems; the concepts and processes of justice; and key policy issues. The book also includes an emphasis on today's criminal justice careers, offering insights from numerous professionals on the rewards and realities of their jobs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Cole, Smith, and DeJong's CRIMINAL JUSTICE IN AMERICA, Seventh Edition, lets you experience the real-world excitement of this dynamic field while helping you excel in your course with the support of proven, integrated study tools. In this engaging, reader-friendly book, you'll learn about new career opportunities in criminal justice and read true stories of offenders and their experiences within the system. You'll also learn about the crucial role that public policy plays in the criminal justice system and explore the hot issues that are changing the face of criminal justice today--and shaping its future.

It's no mystery why Larry Siegel remains THE best-selling author in Criminal Justice. Professor Siegel is known for presenting real-life stories of crime, criminals and the hottest debates in the field, and CRIMINOLOGY: THE CORE, 7th Edition, doesn't disappoint. This four-color paperback is concise and affordable. Real-world material clarifies concepts and theories, equipping students with a solid foundation in modern criminology. Grounded in Siegel's signature style--cutting-edge theory plus meticulous research--the book covers all sides of an issue without taking a political or theoretical position and provides a broad view of the field's

interdisciplinary nature. This edition includes the latest insights into political crime; terrorism (e.g., ISIS); white-collar, blue-collar and green-collar crime; cybercrime; transnational crime (e.g. human trafficking) and many other topics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Revised edition of the authors' Profit without honor, [2014] Organized around a "planned change" approach, this book provides a critical assessment of how well the American criminal justice system achieves its goals. Unlike most other criminal justice books which cover the traditional topics from the perspective of how "things are supposed to be," this book compares these ideals with the realities of criminal justice today and provides a critical interpretation of the role of race, ethnicity, and gender in criminal justice. For law clerks and officers and criminal justice professionals.

Open this book and step into America's court system! With Neubauer and Fradella's best-selling text, you will see for yourself what it is like to be a judge, a prosecutor, a defense attorney, and more. This fascinating and well-researched text gives you a realistic sense of being in the courthouse--you will quickly gain an understanding of what it is like to work in and be a part of the American criminal justice system. This concept of the courthouse "players" makes it easy to understand each person's important role in bringing a case through the court process. Throughout the text, the authors highlight not only the pivotal role of the criminal courts but also the court's importance and impact on society as a whole.
