Reconciling Control Accounts Traditionally bookkeepers or other accounts personnel perform a reconciliation on a regular basis between the control accounts (general ledger) and the total of the debtors or creditors ledger. The word reconciliation actually comes from reconcile, which means to make two amounts agree in value.

To do this: (1) Add up the column which has the largest amount. (2) Put this total in the total blocks in both columns. (3) Subtract the smaller column from this total. (4) That gives you balance, enter this in the smaller column as your Balance per Bank Account(end off from the business' point of view).
