Einstein: The Life of a Genius by Walter Isaacson

Albert Einstein: Life of a Genius When it comes to scientists that have made their mark in the world, then none are perhaps more famous than Albert Einstein. Students around the world are taught about his theories and equations with $E=mc^2$ undoubtedly being the most famous.

Albert Einstein: The Life of a Genius by Jack Steinberg ...

Einstein: A Life of Genius is a very good read. It explores the life of Albert Einstein, from his early formative years through the time of his death. It was fascinating to read about the history and culture and how Einstein fit in with his theories. Very well written and educational. I would definitely recommend this book to others.

Einstein: A Life of Genius by Alexander Kennedy

Albert Einstein: A Life of Genius. Albert Einstein was one of the most brilliant scientists who ever lived. The theories that he formulated about time, light and gravity have changed how we look at the world, and resulted in many new inventions.

Albert Einstein: A Life of Genius by Elizabeth MacLeod

18 quotes from Einstein: A Life of Genius: 'We cannot solve our problems with the same thinking we used when we created them.'

Einstein Quotes by Alexander Kennedy

Albert Einstein comes across as a genius who made path-breaking discoveries in physics and a peace-loving human being who spread the message of love, liberty and peace. During his childhood, Einstein did not show any spark of genius as a child. He was a slow child who started speaking very late.

A Truly Beautiful Mind Summary in English by Albert Einstein

Genius is a show that explores the turbulent journey of the physicist who would grow to become the icon: Albert Einstein. Fiercely independent, innately brilliant, eternally curious, Einstein changed the way we view the universe. Consequently, this series will change the way we view Einstein. From his early failures and achievements in the world of academics to his emotionally fraught search for love and human connection, the ten-part event paints a portrait of the real Albert Einstein in ...

Genius: Einstein—National Geographic Channel—International

This is an excellent recount of his life. I would also recommend this book to those studying the life of Einstein as well as science because he was such a genius and very interesting though it provides insight that we all should attempt what may seem to be the impossible.

Amazon.com: Customer reviews: Einstein: A Life of Genius

I've seen many documentaries about Mr. Einstein so I was aware of his life and accomplishments and encounters with competitors. This is an excellent recount of his life.
