### Essentials Of Human Parasitology Answers

Paniker's Textbook of Medical Parasitology - 8th edition. In the current edition, many new tables, flow charts, and photographs of specimens and microscopic view pictures have been added for better comprehension of the subject.

My research interests are in molecular cell biology, i.e. in analysis of the way that cells, mammalian and human cells in particular, function and are controlled. My research is focused on the molecular control of apoptosis (programmed cell death), which is a key process in the normal physiology of the human body, especially during embryonic development and in the immune system.
