Practical guide General hedge accounting PwC 4 Future cash flows might relate to existing assets and liabilities, such as future interest payments or receipts on floating rate debt. Future cash flows can also relate to forecast sales or purchases in a foreign currency.

To summarize, Foreign Exchange is a short, practical book that constitutes a fine introduction to the FX market. It is especially useful to readers who have been frustrated by the lack of specifics in other texts. Unfortunately, the author does not provide readers a firm foundation in the economics of exchange rates. 1
