One of the world's leading spiritual teachers returns with an inspiring and provocative message with solutions to our planetary crises, offering effective steps to change the world and integrate all levels of our Being. Religion is psychological entrapment promoting the controlled behavior of the herd civilization. Institutionalized organized religion is the cause of enslavement, violence, prejudice, hatred, classism, and war. False religious institutions created god in their own personal image and after the likeness of their own mind for control and money. Every religious holy book has been altered, dissected, rewritten, and censored to appear as the word of God, and all the gods of religious holy books are controlled by fundamentalists. Organized religion is a serious threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, dispises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious-slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious Elite created gods of intimidation and fear; to control others and solicit money. "The Awakening of Global Consciousness is a must read

for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions."

Stepping into Tomorrow: The Awakening throws a spotlight on the worsening condition of black men and women living in America and their survival or extinction, if they remain unconscious to what is happening in their lives. In her attempt to understand the black condition, Sheila must first understand the psychological stereotypes levied against blacks in general. She must also come to terms with the relationship between the black man and woman, their mind-set, and why she is unable to open herself to love. Through her friends, Tameka, one of Chicago's top defense attorneys, and Connie, a successful small business owner, they, in their many debates and discussions, look at the plight of blacks. Although these exchanges are informative, Sheila, however, still struggles with in her consciousness to find a solution that will bring her people to an awakened state. From her perspective, blacks are on a road that can only lead to destruction. Therefore, Sheila is convinced that an awakening is needed and that someone must sound the alarm.

In a probing analysis of the oldest Buddhist texts, Julius Evola places the doctrine of liberation in its original context. The early

teachings, he suggests, offer the foremost example of an active spirituality that is opposed to the more passive, modern forms of theistic religions. This sophisticated, highly readable analysis of the theory and practice of Buddhist asceticism, first published in Italian in 1943, elucidates the central truths of the eightfold path and clears away the later accretions of Buddhist doctrine. Evola describes the techniques for conscious liberation from the world of maya and for achieving the state of transcendence beyond dualistic thinking. Most surprisingly, he argues that the widespread belief in reincarnation is not an original Buddhist tenet. Evola presents actual practices of concentration and visualization, and places them in the larger metaphysical context of the Buddhist model of mind and universe. The Doctrine of the Awakening is a provocative study of the teachings of the Buddha by one of Europe's most stimulating thinkers.

Timely and audacious, Buddha at the Apocalypse challenges us to

look directly at the devastating assumptions underlying the very mechanisms of the modern world. We believe with certainty in the inevitable forward march of progress, in the natural rightness of humankind's control of the environment, and, most pervasively, in the idea of an epic struggle that requires righteousness to utterly destroy evil. These images of apocalypse and dominance pervade our language, our politics, and, with coming of 2012, even our escapist entertainment. In Buddha at the Apocalypse, Kurt Spellmeyer offers us an alternative view that comes like breath of cool, fresh air in these times. Drawing on the Buddha, Spellmeyer makes an impassioned clarion call to awaken from the culture of destruction ? or perish within it. The book also features a foreword by the most high-profile Buddhist academic in America ? and possibly the world.

"All that has happened in the past, all of Earth's history, man has created in his dream. And the end of time will come when man wakes up and realizes he has been dreaming." Suddenly, a young family wrests themselves from life in a North American city to seek a rustic existence close to nature and a circle of new friends in mountain valleys of British Columbia. But that is only one of the levels to this story. For David and Kelly (Siofra) are a mystic and a psychic on an out-of-the-ordinary quest inspired by higher energy presences, Moita and Amar. How will their "experiment in communication between worlds" illuminate the process of planetary rebirth that will accelerate years later . . . in the "awakening" of 2012 and beyond? "This time period is a crossroads. Paths before you lead into the futuresome not pleasant, some extremely promising. We are here to help you choose the road that leads not to destruction but that leads to life, and to this change of man and his awareness, to the reuniting of [our] worlds." Among facets of this visionary yet down-to-earth adventure: helping persons in crisis to unlock their hearts, find their new balance; deepening our sense of community as a core group risks old selves in order to truly meet; confronting dark energies across lifetimes, undoing man's obsession with power; seeing that the planet's upheavals now mirror our own as a vast evolution in consciousness comes full circle, aided by higher-dimensional beings; and the Earth Mother voicing her plea for man to awaken as a willing partner. "We are entering a New Age of humanity. Instead of man creating only on his own, set apart from the rest of the universe, this time he is involved in a co-creation and we are the co-creators. Those who are here have arrived to help found a new world."

Why should you start a spiritual journey? Why does a human being, at some point in his life, realize that science, religion and academic philosophies cannot give him the answers he seeks? Scientific knowledge reveals its inability to provide real answers to the great mysteries of birth and death. Different spiritual traditions have given us the keys and the methods to find these answers: the hermetic-alchemical tradition, the tradition of Shamanism and the Indian yogic tradition (Raja Yoga, Kriya yoga and Advaita Vedanta), and the Tibetan Buddhism tradition. All the exercises proposed, although belonging to different traditions and schools, are linked to the same modalities and objectives, in a unique and coherent path. Spiritual Tradition is One, although it has taken on different forms over the ages and in different geographical places. The researcher, who has become a disciple, will find the most hidden secrets not only of humanity but of the entire universe in the depths of his being. Behind the scenes of ordinary existence, there is the ineffable unknown, and during his journey of knowledge, the disciple will receive sudden and unexpected revelations of this mystery, of a force that governs all that exists, and which constitutes all beings, as luminous source of regenerating energy. As he proceeds along this path, he will understand how to get in touch with this force, drawing on it and using it in his consciousness. The spiritual path is like the science, in which the fundamental data is experience, as well as experimentation as a test bench. You will choose the path and practices most suitable for you, building your own personal way. Going forward with this research, you will gradually discover that your true being has a supersensitive nature and origin, and that in your depths lives something precious that can give you real harmony, security, inner firmness against the many obstacles of existence. You will then find out, that all the external masters are there to show you that the true master is within you.

This book is the mirror to my soul. It tells about how I felt when certain things came into my life. It also explains how I saw the things that God the Father created. It is a depiction of my feelings when I received the Spirit of the Lord and let Him lead me down the path of righteousness. I have been writing this book for over

twenty years. It did not start out as a book, I first was just writing down my spiritual thoughts that the spirit told me to write in journals that I kept. The Spirit of the Lord would wake me from a sound sleep and through thoughts put these words into my head. My children are the ones who encouraged me to turn these writings into a book. I thought that was flattering and I considered doing so, but the spirit did not give me the go head until now. I guess He was not through telling me what to write. I kept reading my bible and going to church and getting closer and closer to my savior Jesus Christ. I literal fell in love with God the father and Jesus Christ the son. When I received the Holy Spirit I didnt know what was happening to me. I felt a burning sensation, as if I was on fire and I saw red when I closed my eyes. I went into a deep sleep and when I awaken in the morning I felt brand new. I wanted to pick up the bible and start reading what thus sayeth the Lord. That was the best feeling I have ever had, not even when I gave birth to my two children, did I feel that sensation. Getting to know God and feeling His spirit within you is the greatest feeling in the world. I was taught who God the father is and why Jesus was sent to die for us. I learned how to live a peaceful and joyous life and to keep them both in my sight, so that when I came to the light I could follow them. I was taught that I could receive eternal life, if I keep the faith, believe that Jesus Christ is the Son of God. Confess that He died for my sins and turn from my wicked ways; be water baptized and spirit filled, than I would be saved. This is a wonderful feeling to have. I hope I give whoever reads this word inspiration to get to know the Father God and the son Jesus Christ the anointed one and let the spirit come in and have His will so that you too can experience the same feeling that I have.

Throughout history, the legend and the mystique of the Vampire endures. Why? This is due in no small part to the power of the archetype in the minds of humankind. It is the spirit that is the Vampire and the emergent force that its presence continues to paint within modern day Vampire culture. The Vampire mirrors the reflections of those qualities that particular people seek to emulate within themselves for what can only be embraced as an innate reason. It's been said by many people that they feel born to it. The Vampire commands its own presence at the core of humankind's nature. In some way, everyone ponders the power that resides in the night side of our being. For those who identify as Vampire, this is the core of what the Vampire is. The night side of

a state of essence. The Vampire is rooted in an ascendance to another state of being. An altered state of vibration if you will, an essence that those who call themselves Vampire, seek to rise to. The current state of Vampire Culture has evolved from the roots of its being in the late 1980's and into the 1990's into what it continues to present of itself now. For those who have submersed themselves into the culture, they parlay at the color and the spirit of all that they embrace as being Vampire. Then there are those who understand, intimately, that what this is truly all about to them, is the acceptance of themselves into another state of being entirely. This is when: "The Awakening" takes place for some. The Vampire Awakening.

The author explains how she followed a spiritual trajectory independent of religious traditions or sects, having received the Sannyas in the line of Master Osho. The sannyas is a movement of the seekers of truth, who seek to live life in its totality, through meditation, in search of enlightenment. The goal of Bayaty is to motivate you to follow your own spiritual path, in a free and independent way, taking into account that each person is a unique and special individual in himself. Bayaty presents his extrasensory experiences, such as mediumship, hypnosis, transmutation, regression, and astral projection, and how he used those resources to solve problems and expand consciousness with the help of enlightened masters. The church has been sleeping in sin for too long. The church has to realize that this is not God's plans for them. God wants us to be vigilant and sober to the scheme of the enemy. The church needs to be set free from the sleep in sin enchantment forest that the enemy has them trapped in once and for all. God wants to pour out his Spirit on all flesh in order to set the captive free. The church attains resurrection power residing inside of them, and they don't even know it.

Kabbalistic Healing shows how the Kabbalah--the Jewish mystical path--can kindle the central fire in our being so that we can unite with the divine. As we deepen our understanding of ourselves and enhance our ability to hold new states of consciousness, we be-

come able to live in God as a fish lives in water.

The 3D identity you have lived out, consciously and unconsciously, was chosen by your soul, your oversoul, your highest expression of you, and God. But you have lived unconsciously for far too long, hindering the growth of your soul and, more importantly, hurting and polluting Gaia, the nucleus and epicenter of the intergalactic community. Because of your unconscious, blind following of the 3D rules that were falsely given to you, your soul's compass and remembrance lens are askew. The Path to Awakening seeks to spark recognition in you and awaken your true self—who you really are. It serves the purpose of awakening within your soul, your DNA, and your soul map of who your soul is and why you are here—here, there, and everywhere. Most importantly, this guide illustrates your role in awakening the rest of humanity, ushering in the end times of the false 3D collective programming, and beginning the New Age, the new earth, and the healed Gaia. Heed these words, and your soul will rise and ascend and realign to its highest purpose, the Godhead energy, and the Christ energy. You are not here to slumber through existence like an unconscious drone. You serve the most important purpose: to awaken yourself to the truth and save Gaia. This spiritual study offers an ascended master's guide to understanding the complexities of ascension, spirituality, earth, angels, and the end times, exploring who God really is.

Often, when we suffer, we have the habit of blaming the circumstances or the surroundings concealing our own responsibility. In fact, our life choices, our words, behaviours and actions always leave us with consequences, good or bad. Untamed emotions move like puppets controlled by an invisible hand that pushes the mind into uncertain situations. This hand is our ego, our "me", a child with many unmet needs and filled with resentment towards the world around him. To dissolve the ego and overcome suffering, we should return to our inner world and agree to face ourselves. I hope this book will accompany you along the path to enlightenment, wishing you progress with sincerity and perseverance. When spring comes, the grass will grow on its own. The truth is just like this.

Since the ages before time was measured, the angelic races have existed. Unseen by our eyes, they move through creation, shaping our world, sustaining our existence, and battling demonic hordes. But the war is changing; the battle lines are expanding in-

to new frontiers and the next epoch is emerging. Seven hundred years after the first humans were exiled from their home, their descendants have pushed eastward into a prehistoric wilderness. In a land shrouded by mist and superstition, primitive tribes struggle to establish new civilizations, unaware that their world is about to change forever. Weary from unceasing conflict, Sariel—legendary warrior of the Myndarym—crosses into the Temporal Realm in search of the only one who can bring him peace. But he is not the first; others have already begun their inhabitation. As the dominance of their kingdom spreads, threatening to engulf all of humanity, Sariel finds himself standing between his own kind and the one he loves and must embrace the life he abandoned in order to secure her freedom. In this riveting prequel to the best-selling Awakened series, Jason Tesar sets in motion a sweeping fantasy epic birthed at the very foundations of humanity when our prehistoric world collided with supernatural forces, spawning an age of mythological creatures and heroes.

Koldo, who lives for revenge on the angel who destroyed his wings, yet faces eternal damnation if he yields to hatred, defends Nicola Lane, a fragile human with a heart defect, against the demons who are determined to kill her.

A Classic Exposition Of The Buddhist Faith Written With The Western Audience In Mind, First Published In 1928.

The fractured Temporal Realm is consolidated, with ancient and modern cultures now forced to contend for a single world. Nothing stands between Kael and the last of the Wandering Stars, yet his location may be obvious to those watching from the Eternal Realm, making his presence a danger to everyone around him. With his allies and family centralized in Orud, and the city under threat of imminent assault from the most dangerous and technologically advanced enemies, Kael must decide whether to stay and ambush them or leave to confront them alone. Which is the wiser path? The answer depends upon his interpretation of an ancient prophecy and the depth of his faith in it; meanwhile, the lives of everyone he loves hang in the balance. In book seven of the bestselling Awakened series, Jason Tesar's epic saga forges a new world from the remnants of three disparate civilizations, fusing the genres of sci-fi, fantasy, and military fiction.

The premise for this book is based upon a biblical quote that says, "Ask and it will be given to you; seek and you will find; knock and the doors will be opened to you." If you seek spiritual wisdom it

will be drawn to you. That is simply how the spiritual universe works. God wants to give us all we need in order to accomplish our earthly missions, but in order to acquire what He has we must become "the Seeker." This book lays out a path toward spiritual enlightenment. It proposes an action plan and suggests methods and principles the reader can relate to and follow if that is what they desire. It is for people of all religious preferences if they are seeking spiritual wisdom, knowledge and understanding. All you need to do is to become the Seeker, and you become the magnet that draws divine enlightenment to you.

The premise of Awakening to the Spirit Within is that all beings are connected by a spiritual energy which forms the essence of who they truly are. Eight paths, which facilitate an awakening to this essence, are explored: Native American Spirituality, Taoism, Hinduism, Buddhism, Kabbalah, Jesus and the Christ Within, Sufism, and The New Thought Movement. Practice exercises and references are also included. This book highlights some of the unique gifts which various spiritual traditions have to offer our world. In addition, it explores the mystical threads of connection which underlie them. Like the title suggests, it also gives ways of listening to guidance from within. The author includes messages from her own inner guidance in an effort to illustrate how this may occur. Her openness provides more warmth and intimacy than is usually found in such a book. In these uncertain times, there has been an upsurge of interest in books related to spirituality, religion, and mysticism. People are looking for ways to heal, rather than destroy, our planet. That is why this book, and others like it, are so timely and important in moving us closer to our shared goal of creating a more peaceful and harmonious world.

In this book Riana reveals how she barely survived years of immense abuse and trauma—and was left powerless, suffering, and with no way to cope. Gradually, and incredibly, Riana awakened to the truth of who she was and the truth of who we all are and un-became everything that she thought she was and had to be, to truly step into her purpose, power, and essence . . . and eventually mastered the art of healing. Here, she shows those that are ready to awaken and those already awakened how you, too, can achieve the feelings of worthiness that may be long missing from your life and truly step into your own light. Where suffering will cease, and a movement will be catalyzed. Now a recognized spiritual teacher, Riana documents how she healed, un-became and

Vicky Thompson has directly experienced the power of connecting with divine wisdom for leading a Spirit-driven life. "I lost my faith in God at a very young age," she writes. "Over the years, I tried many ways to move beyond these experiences, but my faith never returned. So at the turn of the millennium, I decided to try something new and ask God directly for help in healing myself. The response was overwhelming. As I found my faith, the divine model of awakening, illustrated through stories about Jesus, began to flow during my meditational writing with God." In The Jesus Path, she shares the wisdom revealed to her about Jesus' own 7-step divine model of awakening, by releasing fear and doubt and reconnecting with the wisdom of the higher spirit-self. Read mystical stories of Jesus' meditations with divine masters, conversations with his disciples, and new stories about healing the ancient people of Israel. Divinely inspired exercises, meditations, and affirmations provide us with ways to reawaken our connection with God and practice divine living every day of our lives. Book jacket.
