ER SIMMONS SNUSTAD 8TH EDITION

This text shows how genetics is done, by incorporating a human
emphasis and by highlighting the role of geneticists, and provides
historical and biographical insights into the people and events
that have made genetics a pre-eminent science. Human genetics
is treated at all levels.

Snustad provides scientists with the confidence to apply problem
solving to the major principals of genetics. It eases them into the
art of problem solving by integrating problems within each
chapter. A clear connection between key principals and related
problems is presented in each chapter.
