### A02 - NEWTON ALEX

A pictorial examination of Greco-Roman mythology and its heroes.

Roman mythology is closely linked in our minds to Greek mythology, and for a good reason. As Rome evolved into an empire, its people began to long for a mythical history to solidify Roman identity. Romans, however, were not particularly interested in the effort it would take to create these myths from scratch, so they borrowed them. Greece was not the only influence on Roman culture, but it was the most prominent one. Still, when the Romans appropriated these tales, they made them their own, renaming the leading players and infusing the stories with a good dose of Roman ideology. Crucially, Roman religion and myth were meant to be practical. They discarded the Greeks' affinity for poetry and philosophy and instead focused on structure and ceremony--the gods' stories became Rome's stories, providing a divine pedigree for its conquerors and the proper rituals for continued prosperity. In Rome, the gods, like everything else, existed to benefit the empire. This book will introduce you to those gods, to the heroes they helped (and hindered), to the monsters they created and killed, and to the world of ancient Rome where they were worshipped. The stories are not for the faint of heart. They are full of war and betrayal, of blood and sorrow, of long voyages and narrow escapes, and most of all, of the perilous thrill that awaits mortals that venture into the realm of the gods.

Unlock Your Roman Treasure Box! Enter a world where gods and goddesses mingle with the humans that worship them in elaborate temples, where heroes fight epic battles and monsters are thwarted, where legendary tales are told with an eye toward eternal glory--the treasure that is Roman mythology is an undeniable pleasure to read. Explore another world of ancient values, virtues, and vices, which are never to be forgotten. The motifs of Roman mythology are similar to that of many other mythologies: Supernatural power is a handy way to explain the extraordinary; heroes are larger-than-life, with superhuman strength and wisdom to spare; gods are tricky and should be approached with caution; harrowing journeys are undertaken; battles are fought and champions are forged. The Romans developed a highly-sophisticated government and military, and successfully conquered much of the known Western world; their influence is undeniable still yet today. We can see the Roman evolution from their legendary founding, to their epic expansion, to their continued presence in our popular imagination through the thread of their treasure trove of myths and tales. This book can take you through that journey, beginning with an overview of the Roman peoples and cultures, and into an understanding of their pantheon of gods and goddesses, their amazing tales of adventure and restless search for meaning, and a glimpse into who they actually were via the stories they held dear. Some specific elements you will encounter: Some of the main gods of the Greco-Roman pantheon, with all their quirks and foibles The Roman Council of Twelve Gods and their all-too-human role in the peoples they oversee The epic tales of the founding of one of the greatest empires in history The multiple myths of the Metamorphoses, from tales of transformation to love stories, both tragic and magical The politics and history of Rome that informed the stories the ancient Romans told about themselves and their culture From the Minotaur to the Medusa--fascinating human-animal hybrids The vision of women in Roman culture, from temptress to protector Stories about one of the most legendary figures in mythological history: Hercules The first Roman emperor and his desire to create a new story of Rome Contemporary visions of Roman characters and how they inform our Western institutions, our literary and artistic history, and our contemporary culture Roman mythology is diverse and fascinating, offering us an insight into how ancient people believed and lived, into what they valued and vilified, and into how they loved and thrived. Finally, if you have enjoyed these treasured tales of Roman mythology, don't forget to explore the other fantastic realms of mythological magic in this series of books: Treasures of Egyptian Mythology, Treasures of Celtic Mythology, Treasures of Norse Mythology, and Treasures of Greek Mythology. You will find yourself in awe of the sweeping scope of history and culture represented by these mythological traditions, as well as get a better understanding of how we continually make and re-make these myths for our own times. That's the fabulous thing about myths: They never truly die.

Retells Greek, Roman, and Norse myths, identifies their heroes and deities, and discusses the philosophical background of each culture.

A sumptuously designed, abridged collection of some of the best-loved Roman myths includes the stories "Romulus and Remus," "Cupid and Psyche" and "Oedipus and the Sphinx" and is complemented by an easy-reference list and family tree of primary gods and goddesses.

Explore classic stories of the great Greek and Roman heroes, gods, and monsters. Who's Who in Classical Mythology is an indispensable guide to all the Greek and Roman mythological characters, from major deities such as Athena and Bacchus, to the lesser-known wood nymphs and centaurs. Also included, of course, are the heroic mortals, figures such as Jason, Aeneas, Helen, Achilles, and Odysseus, all brought to life in a fascinating series of portraits drawn from a wide variety of ancient literary sources. Each entry offers a small window into a timeless mythological world, one filled with epic battles, bizarre metamorphoses, and all sorts of hideous and fantastic monsters. The perfect book for casual browsers and folklore enthusiasts alike, Who's Who in Classical Mythology offers a rich and readable guide to some of the greatest stories ever told.

A comprehensive guide to the gods and goddesses in Greek and Roman mythology. Great companion for any mythology-related courses or the mythology buff.

The first anthology to present the entire range of ancient Greek and Roman stories—from myths and fairy tales to jokes Captured centaurs and satyrs, incompetent seers, people who suddenly change sex, a woman who remembers too much, a man who cannot laugh—these are just some of the colorful characters who feature in the unforgettable stories that ancient Greeks and Romans told in their daily lives. Together they created an incredibly rich body of popular oral stories that include, but range well beyond, mythology—from heroic legends, fairy tales, and fables to ghost stories, urban legends, and jokes. This unique anthology presents the largest collection of these tales ever assembled. Featuring nearly four hundred stories in authori-

tative and highly readable translations, this is the first book to offer a representative selection of the entire range of traditional classical storytelling. Complete with beautiful illustrations, this one-of-a-kind anthology will delight general readers as well as students of classics, fairy tales, and folklore.

An introduction to the Greek and Roman myths and tales that lie at the heart of Western culture includes intriguing facts and stories, including the labors of Hercules and the voyage of Odysseus.

Presents stories about the twelve gods and goddesses of Olympus.

Discusses the role of the myth in Roman culture and how myths address a wide variety of themes and provide answers to that which is difficult to explain.

Zeus, Medusa, Hercules, Aphrodite. Did you know that these and other dynamic deities, heroes, and monsters of Greek and Roman mythology live on in the names of trees and flowers? Some grow in your local woodlands or right in your own backyard garden. In this delightful book, botanist Peter Bernhardt reveals the rich history and mythology that underlie the origins of many scientific plant names. Unlike other books about botanical taxonomy that take the form of heavy and intimidating lexicons, Bernhardt's account comes together in a series of interlocking stories. Each chapter opens with a short version of a classical myth, then links the tale to plant names, showing how each plant "resembles" its mythological counterpart with regard to its history, anatomy, life cycle, and conservation. You will learn, for example, that as our garden acanthus wears nasty spines along its leaf margins, it is named for the nymph who scratched the face of Apollo. The shape-shifting god, Proteus, gives his name to a whole family of shrubs and trees that produce colorful flowering branches in an astonishing number of sizes and shapes. Amateur and professional gardeners, high school teachers and professors of biology, botanists and conservationists alike will appreciate this book's entertaining and informative entry to the otherwise daunting field of botanical names. Engaging, witty, and memorable, Gods and Goddesses in the Garden transcends the genre of natural history and makes taxonomy a topic equally at home in the classroom and at cocktail parties.

Alphabetically listed entries identify and explain the characters, events, important places, and other aspects of Greek and Roman mythology.

The myths of Aeneas, Romulus and Remus, the Six Brave Brothers, Horatius, Coriolanus and Volumnia, Cloelia, and others are explored. Hero myths and the values they represented are explored. This volume has a map of the Roman Empire, a family tree of Rome's founders, a table of major characters with name pronunciations and brief descriptions, a glossary, sidebars, fact boxes, a bibliography of sources for further study, and a subject index. The perfect guide to Roman myths and the landscapes and ideas that shaped them--for both the actual and armchair traveler.

The myths of the Romans are stories not about the gods but about the Romans themselves. Writers such as Livy, Virgil and Ovid presented myths as if they were actual histories of the origins and early days of Rome.

While the ancient Roman pantheon in many ways resembles that of ancient Greece, there is much that sets apart Roman mythology. Romans also borrowed from the religions of ancient Egypt, Asia Minor, and the Middle East, and legendary figures such as Romulus and Remus, tied closely to the history of Rome, feature prominently in ancient stories. The major and lesser figures of Roman mythology are presented in this vibrant volume with sidebars spotlighting related facts and concepts about Roman mythology and religion.

A professor of classics and visiting scholar at the Harvard Divinity school presents modern interpretations of traditional Greek and Roman myths that

render classic themes accessible to a new generation of readers. By the author of *Alexander the Great*.

In this book, you will discover many fascinating aspects of the Roman gods, goddesses, and mythological creatures. Each of the first six chapters begins with a narrative scene which helps bring the legendary and mythical characters to life.

Tell tales to students in grades 5 and up using *Greek and Roman Mythology!* This 128-page book includes reproducible activities that develop higher-level thinking skills through mythological stories, maps, charts, crossword puzzles, quizzes, and worksheets. The book covers topics such as mythology, geography, history, and creative writing. Students love learning about these fascinating tales!

The dark forces of the ancient world were held at bay by the resourceful and emerging civilisations of Greece and Rome that formed the basis of Western culture, providing a tradition of fabulous tales that are retold in this new book.

This is an account of the foundation legend of Rome, how the twins Remus and Romulus were miraculously suckled by a she-wolf, and how Romulus founded Rome and Remus was killed at the moment of the foundation. What does the story mean? Why have a twin, if he has to be killed off? This is the first historical analysis of the origins and development of the myth, and it offers important insights into the nature of pre-imperial Rome and the ways in which myths could be created and elaborated in a nonliterate society.

Describes the gods, goddesses, heroes, places, and other aspects of mythology from Greek and Roman times.
