The Judiciary in Democracy | Philosophy Talk

What Is It In many democracies, the judiciary is protected, to one degree or another, from the voters. Our federal judges, for example, though appointed by elected officials, then have lifetime tenure. In more local venues, however, many judges are directly elected.

The judiciary possesses the knowledge and experience to make tremendous contributions to the maintenance and continuing evolution of our democratic society. The role of the courts as resolver of disputes, interpreter of the law and defender of the Constitution, requires that they be completely separate in authority and function from all other participants in the justice system.

Ginsburg contends that although judicial review amounts to a limitation of democracy it is a necessary condition for the spread of at least some kind of democracy. [16] He goes on to argue that the institution of judicial review provides insurance to potential electoral losers and can thus persuade them to commit to the democratic process.
