Directed by Shaz Bennett. An aspiring morning show host struggling with a disruptive obsessive-compulsive disorder spirals into a world of addiction, lust and deceit and must find self-love if she is to resurface.

Trichotillomania, also known as trich, is when someone can't resist the urge to pull out their hair. They may pull out the

hair on their head or in other places, such as their eyebrows or eyelashes. Trich is more common in teenagers and young adults, and tends to affect girls more often than boys. Symptoms of trichotillomania. People with trich feel an intense urge to pull their hair out and they experience growing tension until they do.

Trichotillomania - My hair pulling OCD - 10 tips to stop pulling ~~What Is Hair Pulling Disorder (trichotillomania) and how to STOP~~

The Hair Pulling Problem A This is a thorough and deeply committed book about the problem of hair pulling behavior and about the treatment thereof. The structure of the book could be better, i.e., there are too many chapters and sections with a certain redundancy as a result. A more streamlined exposition of the same material would be most welcome.
