(PDF) The happiness industry: How government and big ...

The Happiness Industry is a shocking and brilliantly argued warning about the new religion of the age: our emotions. Reviews “Deeply researched and pithily argued, Davies's work is a welcome corrective to the glut of semi-scientific happiness books that have become so popular in business and management circles, and which rarely, if ever, acknowledge the larger ideological goals of workplace ...

“The Happiness Industry” by William Davies offers a thoughtful, passionate and powerful critique of the capitalist state. Mr. Davies is a U.K.-based educator and social critic who spent five years writing this exceptionally well-researched book.

That is the moment it began to be marketed in a new way, as a set of positive emotions to be used as an asset. Will Davies’s

book The Happiness Industry describes the story very well. In 2008 you have the economic crisis. You have figures like Richard Layard, considered one of the main figures in the U.K. behind the World Happiness Reports.

The Happiness Industry How The How the "Happiness Industry" Is Changing Architecture

This week’s guest on the Future of Work Podcast is William Davies. William Davies is the author of a book called The Happiness Industry: How the Government and Big Business Sold Us Well-Being.

Tracing the roots in utilitarian philosophy and organisational psychology of the UK’s booming “happiness industry” from the

1990s onwards, he argues that Jeremy Bentham “set the stage for the entangling of psychological research and capitalism that would shape the business practices of the twentieth century”.
