Ancient India: Civilization and Society - TimeMaps

India is one of the oldest and richest civilizations in the world. It is home to the world's first planned cities, where every house had its own bathroom and toilet five thousand years ago.

However, the economic history of ancient India is one of agricultural advance. The use of iron spread from the Middle East from around 800 BCE, making farming more productive, and populations grew. At first, this occurred on the plains of northern India.

Ancient India. The History of India begins with the Indus Valley Civilization and the coming of the Aryans. These two phases are generally described as the pre-Vedic and Vedic periods. The earliest

literary source that sheds light on India's past is the Rig Veda.

History of Hinduism James Mill (1773–1836), in his The History of British India (1817), distinguished three phases in the history of India, namely Hindu, Muslim and British civilisations. This periodisation has been influential, but has also been criticised, for the misconceptions it has given rise to.
