The Storm Lord Trilogy Box Set (The Complete Series Books 1-3): An Epic Paranormal Romance "When it is time for two souls to meet, there's not one single thing on earth which can prevent them from getting together, no matter where each are located, even if it comes in the form of a black panther that's 200 years old!" Book 1: The Flaming Blue Sword Angelica Thompson, an award-winning romance novelist, decides to end her turbulent relationship back home in Denver and heads to a secluded spot on the shores of Black Rock Cove in Oregon. Writer's block is preventing her from finishing her last novel in her paranormal romance series and is being pressured by her publisher, BeeBop Publishing, to finish by the end of the summer. She discovered the first night of her arrival how vividly her mind's thoughts and dreams came alive. Her imagination of a dead sea captain, a black panther pouncing on her for his evening meal, and falling to her death in a cove hundreds of feet below are only the beginn-

ing. Janie, a local real estate agent, awakens the young woman in her cottage. Was she awakened during a dream or... could it be real? Book 2: *Nine Months Will Tell* Continuation of the Storm Lord Trilogy in Chapter Two finds Angelica Thompson and Sheriff Kevin Connors expecting their first child. Her pregnancy comes as a surprise to her and Kevin because it is precisely nine months after their defeat of Ethan Knight in Chapter One of the Storm Lord Trilogy series. The question now that arises for the two love-birds is whether the Storm Lord lost his life in their final battle in the first of the series or did he, somehow, survive the epic encounter. Throughout the book, significant events taking place appear to threaten the life of Angel's first child. Is she too old, past the age of 39, to give birth? She wonders if it's just her age. Is there a problem with her child? Book 3: *The Three Keys to Armageddon* For this final chapter in the Storm Lord Trilogy Series, love must begin between a human and a supernatural being. This happens. The hero, the human character in this novel, is put into some kind of danger, where they come to realize they can overcome this danger either on their own or with the assistance of the supernatural love interest! Using the rich background of the spiritual world of Archangels Michael and his Sword of Angels and Gabriel with his trumpet of victory as the background, Sidney St. James' Storm Lord Trilogy Series pursues the return of Satan himself with a paranormal world of evil versus good filled with fascinating characters. The ever-moving series' sharp dialogue, highly original plotlines, and a stylistic flair are as rhythmic and vibrant as his earlier works. Through James' fertile imagination, these three novels in the series are provocative, confrontational, and contain highly ingenious twists and turn into the unexpected, but always with a healthy dose of humor, not to mention romance.

In this epic sci-fi adventure for fans of *The Expanse* and *Battlestar Galactica*, five intrepid heroes must unite to save civilization after a long-dormant enemy awakens and strikes a devastating blow "This jarring, engrossing story of a species-wide fight for survival is recommended for all science fiction readers."—*Publishers Weekly* (starred review) The galaxy was once terrorized by the Sturm, a group of "species purists" intent on destroying any human with genetic or cybernetic enhancements. Fashioning themselves as the one true "Human Republic," the Sturm cut a bloody swath across the stars, killing billions before finally being defeated and driven into the far reaches of Dark Space. Centuries of peace bred complacency. Everyone believed the Sturm had died out in the Dark. They were wrong. The enemy has returned and, with a brutal and decisive attack, knocks out almost all of humanity's defenses. Now on the brink of annihilation, humankind's only hope is a few brave souls who survived the initial attack: Commander Lucinda Hardy, thrust into uncertain command of the Royal Armadalen Navy's only surviving warship. Booker3, a soldier of Earth, sentenced to die for treason, whose time on death row is cut short when the Sturm attack his prison compound. Sephina L'trel, the leader of an outlaw band who must call

on all of her criminal skills to resist the invasion. And, finally, Admiral Frazer McLennan, the infamous hero of the first war with the Sturm hundreds of years ago, who hopes to rout his old foes once and for all—or die trying. These five flawed, reluctant heroes must band together to prevail against a relentless enemy and near-impossible odds. For if they fail, the future itself is doomed. "Frenetic action viewed in a black fun-house mirror."—*Kirkus Reviews*

In the Beginning, Mankind had been betrayed. The Invasion is here and it is NOT what you think... In the pages of the Bible there are stories that no one really talks about... Those on television only theorize... What if an Alien Invasion happened? What if the Invasion didn't come from outer space? What if it came from within the Bible? Would you be ready? Would you know what to do?

The Earth lies in ruins in the aftermath of an extraterrestrial invasion, the land devastated by a desperate war with no winners between mankind and a race of vicious, intelligent creatures. The seas are drying up while the atmosphere corrodes and slowly cooks any life remaining on the now desolate rock. Food is scarce, trust even more so, and the only people left alive all have done horrific things to stay that way. Among the few survivors is Lucas, an ordinary man hardened by the last few years after the world's end. He's fought off bandits, murderers, and stranded creatures on his long trek across the country in search of his family, the one thing that drives him to outlive his dying planet. What he finds instead is hope, something thought to be lost in the world. There's a ship buried in a crater wall. One of theirs. One that works. To fly it, Lucas must join forces with a traitorous alien scientist and a captured, merciless raider named Asha. But unless they find common ground, all will die, stranded on a ruined Earth. Combining gritty post-apocalyptic survival and epic space opera, *The Last Exodus* is the beginning of a new action-packed science fiction adventure where the future of the human race depends on its survivors leaving the past behind. With each passing day, Kelsea Glynn is growing into her new responsibilities as Queen of the Tearling. By stopping the shipments of slaves to the neighboring kingdom of Mortmesne, she crossed the Red Queen, a brutal ruler whose power derives from dark magic, who is sending her fearsome army into the Tearling to take what is hers. And nothing can stop the invasion. But as the Mort army draws ever closer, Kelsea develops a mysterious connection to a time before the Crossing, and she finds herself relying on a strange and possibly dangerous ally: a woman named Lily, fighting for her life in a world where being female can feel like a crime. Set sixteen years after the events of The Exiled Earthborn, this explosive conclusion of the Earthborn trilogy tells the story of two brothers, the sons of Lucas and Asha, tasked with surviving the Xalan war to ensure the continued existence of the human race. Noah, an orphan from Earth's last days who, as a child, was smuggled to safety across the stars, is now nearly a man and a leader to the young enclave of Earthborn who reside on Sora. Their journey takes them to the remnants of a dead planet, an outlaw-infested space station, and back to Sora, whose inhabitants are bracing for a final showdown with the bloodthirsty Xalans. They find themselves facing a new evil: the omnipotent Archon, who is somehow controlling the whole of the Xalan horde, and his bloodthirsty lieutenant, the Black Corsair, who has an unmatched taste for brutality. The Archon, so-called God of the Shadows, has unearthed knowledge that could wipe both Sorans and humans alike from the face of existence.
