Friedrich Durrenmatt was born in Switzerland in 1921 and has long been considered one of the world's leading German-language playwrights. His plays have received international acclaim, with *The Visit*, *Romulus the Great*, and *The Physicists* having been performed on Broadway and in major capitals throughout the world. Dürrenmatt's concerns are timeless, but they are also the product of his Swiss vantage during the cold war: his key plays explore such themes as guilt by passivity, the refusal ...

The Visit was instantly recognized as an incisive allegory of collective guilt, for which Dürrenmatt was deservedly hailed as a major new presence in European letters. *The Physicists* achieved comparable success. In 1964, Brook again directed the Broadway version, which also received an admiring review in the *Times*. A cold-war parable set in a madhouse, the play features three nuclear physicists who feign psychosis by adopting the personae of historical figures: Einstein, Newton, and a ...
