Provides a comprehensive review of all exam topics, test-taking strategies, and two full-length practice tests with detailed answer explanations.

A Washington Post Book of the Year Winner of the Merle Curti Award Winner of the Jacques Barzun Prize Winner of the Ralph Waldo Emerson Award "A masterful study of privacy." —Sue Halpern, New York Review of Books "Masterful (and timely)...[A] marathon trek from Victorian propriety to social media exhibitionism...Utterly original." —Washington Post Every day, we make decisions about what to share and when, how much to expose and to whom. Securing the boundary between one's private affairs and public identity has become an urgent task of modern life. How did privacy come to loom so large in public consciousness? Sarah Igo tracks the quest for privacy from the invention of the telegraph onward, revealing enduring debates over how Americans would—and should—be known. The Known Citizen is a penetrating historical investigation with powerful lessons for our own times, when corporations, government agencies, and data miners are tracking our every move. "A mighty effort to tell the story of modern America as a story of anxieties about privacy...Shows us that al-

though we may feel that the threat to privacy today is unprecedented, every generation has felt that way since the introduction of the postcard." —Louis Menand, New Yorker "Engaging and wide-ranging...Igo's analysis of state surveillance from the New Deal through Watergate is remarkably thorough and insightful." —The Nation

Since 1976, newcomers and natives alike have learned about the rich history of the magnificent place they call home from Colorado: A History of the Centennial State. In the fifth edition, coauthors Carl Abbott, Stephen J. Leonard, and Thomas J. Noel incorporate recent events, scholarship, and insights about the state in an accessible volume that general readers and students will enjoy. The new edition tells of conflicts, shifting alliances, and changing ways of life as Hispanic, European, and African American settlers flooded into a region that was already home to Native Americans. Providing a balanced treatment of the entire state's history—from Grand Junction to Lamar and from Trinidad to Craig—the authors also reveal how Denver and its surrounding communities developed and gained influence. While continuing to elucidate the significant impact of mining, agriculture, manufacturing, and tourism on Colorado, the fifth edition broadens and focuses its coverage by consolidating material on Native Americans into one chapter and adding a new chapter on sports history. The authors also expand their discussion of the twentieth century with updated sections on the environment, economy, politics, and recent cultural conflicts. New illustrations, updated statistics, and an extensive bibliography including Internet resources enhance this edition.

Through Women's Eyes: An American History with Documents was the first text to present a narrative of U.S. women's history within the context of the central developments of the United States and to combine this core narrative with written and visual primary sources in each chapter. The authors' commitment to highlighting the best and most current scholarship, along with their focus on women from a broad range of ethnicities, classes, religions, and regions, has helped students really understand U.S. history Through Women's Eyes.

This Primary Source Edition provides 1 to 2 primary sources per chapter, tied to the chapter's content, with critical thinking questions for each source -- at no additional cost to your students. A condensed version of The American People, Seventh Edition, this engaging text examines U.S. history as revealed through the experiences of all Americans, both ordinary and extraordinary. With a thought-provoking and rich presentation, the authors explore the complex lives of Americans of all national origins and cultural backgrounds, at all levels of society, and in all regions of the country. A vibrant four-color design and compact size make this book accessible, convenient, and easy-to read.

A Concise History of U.S. Foreign Policy offers a conceptual and historical overview of American for-

eign relations from the founding to the present. Joyce Kaufman clearly explains major themes in foreign relations and places the evolution of policy decisions within the context of the international situations and domestic priorities.

Barron's AP United States History Premium is aligned with the current exam and includes comprehensive subject review plus five realistic practice tests. The College Board has announced that there are May 2021 test dates available are May 3-7 and May 10-14, 2021. This edition includes: Two full-length practice tests in the book with all questions answered and explained Three full-length online practice tests with all questions answers and explained Test-taking strategies for answering multiple choice, short answer, long essay, and document-based questions Comprehensive review of all topics on the AP U.S. History curriculum, including pre-contact American Indian societies and the evolution of Colonial society; the American Revolution; the Civil War and Reconstruction; the growth of industrial America; World War I; the Great Depression; World War II; the Cold War; America in the age of Clinton, Bush, and Obama; and much more

Celebrating its fiftieth anniversary, Robert McCloskey's classic work on the Supreme Court's role in constructing the U.S. Constitution has introduced generations of students to the workings of our nation's highest court. For this new fifth edition, Sanford Levinson extends McCloskey's magisterial treatment to address the Court's most recent decisions. As in prior editions, McCloskey's original text remains unchanged. In his historical interpretation, he argues that the strength of the Court has always been its sensitivity to the changing political scene, as well as its reluctance to stray too far

from the main currents of public sentiments. In two revised chapters, Levinson shows how McCloskey's approach continues to illuminate developments since 2005, including the Court's decisions in cases arising out of the War on Terror, which range from issues of civil liberty to tests of executive power. He also discusses the Court's skepticism regarding campaign finance regulation; its affirmation of the right to bear arms; and the increasingly important nomination and confirmation process of Supreme Court justices, including that of the first Hispanic justice, Sonia Sotomayor. The best and most concise account of the Supreme Court and its place in American politics, McCloskey's wonderfully readable book is an essential guide to the past, present, and future prospects of this institution.

In 1803, President Jefferson said to James Monroe, To France you must go: To try and help our country grow. To purchase New Orleans is what he would try, But the whole Louisiana territory he was able to buy. This is only a sample of what you will enjoy as you read United States History in Rhyme. This book takes the highlights of our history and presents them in a way that will catch a child's attention, and adult's also. It will peak their interest in our history by raising the who and what questions that motivate them to want to know more. For example, who is Paul Revere? And what was "the shot heard round the world?" In 1492 Columbus sailed the ocean blue. It's just a little rhyme, but it conveys a lot of information. And most of all, we remember it! This book contains facts from our history in rhyme that can easily be remembered. We know that you and your children will love this book and want to read it multiple times.

"Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.

Explains how United States presidents select justices for the Supreme Court, evaluates the performance of each justice, and examines the influence of politics on their selection.

United States History (5th Edition) Student Text takes the student on a journey beginning with European contact with American Indians and ending with the inauguration of Donald Trump. Along the journey, the course highlights major historical events that have shaped American history, inviting students to discuss the ramifications of these events on society today. - Publisher.

In *The American South*, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

Previous edition, 1st, published in 1960.

The Official Guide to the MCAT(R) Exam, the only comprehensive overview about the MCAT exam, includes 120 practice questions and solutions (30 questions in each of the four sections of the MCAT exam) written by the developers of the MCAT exam at the AAMC Everything you need to know about the exam sections Tips on how to prepare for the exam Details on how the exam is scored, information on holistic admissions, and more.

This bible of family practice for primary care clinicians and students provides current national practice guidelines for professional standards of care across the life span. Now in color with abundant images and illustrations, this fifth edition features thoroughly updated guidelines and recommendations to reflect latest in practice, as well as many new guidelines. Each of the diagnoses includes definition, incidence, pathogenesis, predisposing factors, common complaints, signs/symptoms, subjective data, physical exam and diagnostic tests, differential diagnosis, and a care plan. Key Features: Presents information for disorders in consistent format for ease of use Highlights key considerations with Practice Pointers Provides individual care points for pediatric, pregnant, and geriatric patients Includes 138 printable Patient Teaching Guides Offers 18 procedure guidelines and routine health maintenance guidelines Features appendices that provide guidelines on normal lab values, special diets, Tanner's Sexual Maturity Stages, and teeth

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* *The American Yawp* is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book

they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. *The Yawp* highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Published by OpenStax College, *U.S. History* covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. *U.S. History* is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Fully revised, updated, and extended, this compilation of interpretive essays and primary documents teaches students to read films as cultural artifacts within the contexts of actual past events. A new edition of this classic textbook, which ties movies into the broader narrative of US and film history Ten new articles which consider recently released films, as well as issues of gender and ethnicity Well-organized within a chronological framework with thematic treatments to provide a valuable resource for students of the history of American film Fourth edition includes completely new images throughout

The classic general history of Ireland covering the economic, social and political development of Ireland from the prehistoric times to the present. This new updated edition brings us up to 2011.

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

A condensed version of "The American People," this engaging text examines U.S. history as revealed through the experiences of all Americans, both ordinary and extraordinary. With a thought-provoking and rich presentation, the authors explore the complex lives of Americans of all national origins and cultural backgrounds, at all levels of society, and in all regions of the country. A vibrant four-col-

or design and compact size make this book accessible, convenient, and easy-to read.
