A limited liability company is one option a business has when it is choosing its legal structure, alongside other options like S corporations and sole proprietorships. The characteristics of the limited liability company include limited liability for the owners' assets—their liability is limited to their investment in the business.

A limited liability company (LLC) is the US-specific form of a private limited company. It is a business structure that can combine the pass-through taxation of a partnership or sole proprietorship with the limited liability of a corporation. An LLC is not a corporation under state law; it is a legal form of a company that provides limited liability to its owners in many jurisdictions.

Limited liability is a type of legal structure for an organization where a corpo-

rate loss will not exceed the amount invested in a partnership or limited liability company (LLC). In other words ...
