Beautiful two colour gift package of B.K.S. Iyengar's yoga-based philosophy for life.

You don't have to go to the yoga studio to practice yoga. Grab your mat and discover the power of yoga for yourself. Perfect for beginners! With straightforward language and easy-to-follow steps, Yoga Fitness for Men will teach you how to execute the yoga postures you need for greater endurance, flexibility, balance, and strength. Prop the book in front of your mat and let the full-color, step-by-step photography guide you through everything you need to know for an effective yoga practice. Get your body moving, maximize athletic performance, restore your muscles from daily aches, reduce post-workout soreness, and help prevent injuries. Mobility is one of the most important, yet overlooked elements of your fitness, which is why professional athletes are making yoga a regular part of their fitness routines; and GQ, HuffPost, and Men's Health have all advocated yoga for men. Stretching and strengthening with yoga to improve mobility is proven to help you increase your gains in the gym, prevent and relieve aches, and help you beat your competition on the field. You'll find that incorporating yoga into your training will help you get stronger, play harder, and feel better. Here is what you'll find in this amazing beginner's guide: 25 yoga workouts, and over 50 key postures so yoga can make you stronger, fitter, and more mobile. Visual modifications show you how to tailor the pose for your body. A dashboard for every pose explains what you should and shouldn't be feeling in your body while doing the pose. Workouts and multi-week programs are tailored to your

specific performance and health goals, such as increased core strength, restoration from hours of sitting, rotational power, or back pain relief.

"Do you feel sluggish, mentally exhausted, or disconnected from life? Whether you want to (1) increase your strength and flexibility (2) relieve pain and prevent injury, or (3) reduce stress and become happier, then keep reading to discover how to easily do this with the best yoga positions of all time!"--Amazon.

A pesar de la creciente implantación del Yoga en occidente, es todavía muy grande la desinformación y el vacío de textos sólidos que sobre esta disciplina existen para el lector profano, que aún relaciona exclusivamente el término Yoga con una serie de posturas más o menos exóticas. Sin embargo el Yoga es una filosofía milenaria que constituye uno de los seis "dharsanas", o sistemas filosóficos de la India, y su nivel de conocimiento y su capacidad para el desarrollo psicofísico del ser humano es posible que no tenga parangón con ningún otro sistema concebido por el hombre. Un texto fundamental para todo aquel que desee conocer seriamente y de un modo completo el Yoga.

Demonstrates exercises designed to improve general fitness and reduce stress

The first yoga text to outline a step-by-step sequence for developing a complete practice according to viniyoga--yoga adapted to the needs of the individual. • A contemporary classic by a world-renowned teacher. • This new edition adds thirty-two poems by Krishnamacharya that capture the essence of his teachings. Sri Tirumalai Krishnamacharya, who lived to be over 100 years old, was one of the greatest yogis of the modern era. Elements of Krishnamacharya's teaching have become well known around the world through the work of B. K. S. Iyengar, Pattabhi Jois, and Indra Devi, who all studied with Krishnamacharya. Krishnamacharya's son T. K. V. Desikachar lived and studied with his father all his life and now teaches the full spectrum of Krishnamacharya's yoga. Desikachar has based his method on Krishnamacharya's fundamental concept of viniyoga, which maintains that practices must be continually adapted to the individual's changing needs to achieve the maximum therapeutic value. In The Heart of Yoga Desikachar offers a distillation of his father's system as well as his own practical approach, which he describes as "a program for the spine at every level--physical, mental, and spiritual." This is the first yoga text to outline a step-by-step sequence for developing a complete practice according to the age-old principles of yoga. Desikachar discusses all the elements of yoga--poses and counterposes, conscious breathing, meditation, and philosophy--and shows how the yoga student may develop a practice tailored to his or her current state of health, age, occupation, and lifestyle. This is a revised edition of The Heart of Yoga.

El siguiente libro contiene ejercicios divertidos y únicos para hacer que su cerebro sea más inteligente. Si quieres saber cómo reconfigurar tu cerebro para sentirte más brillante, fomentar el éxito y mejorar tu estado mental, entonces este es el libro para ti. Complete practical guide to the chakras, including color, activity, sounds, background information, and techniques for opening them and utilizing their force. A longtime bestselling title in Europe, this is the definitive text in the field.

The biography of Swami Rama complete with over 300 photographs.

Learn how to sketch simple yoga 'stick figures' to capture and plan your yoga sequences with this simple, step-by-step system that can be quickly learned, even without any drawing or sketching skills. The first part of the book explains the basic principles of sketching and constructing the yoga stick figures and combining them into sequences. The second part contains step-by-step instructions for sketching over 80 of the most common asanas and their variations. Who is this book for? For Yoga Teachers & Coaches: If you teach yoga classes or work with your own private clients, sketching is a great way to plan out sequences and practice plans in a visual way. You can use them as a visual overview during class (if you haven't fully memorised the sequence yet). They also make great handouts for your students after a workshop or as personalised practice plans for your one-on-one clients. For Teacher Training Attendees: If you are learning to be a yoga teacher there is a lot of information to take in and to process. Taking visual notes and using sketches to capture the details about postures, alignment and anatomy will help you to get the most out of your training. The notes you create will be clearer, more engaging and actually fun to look at and revise again later. For Students & Practitioners: If you study or practice yoga, you can sketch out your favourite sequences to use as a guide during your home practice or for when you are travelling. Sketch out that great class you attended at your yoga studio or the nice one you found on YouTube. The sketched overview will be the perfect cheat sheet to keep by your mat during your own practice.

The popular names of many yogic asanas -- from Virbhadrā-asana and Hanuman-asana to Matsyendra-asana, Kurma-asana and Ananta-asana -- are based on characters and personages from Indian mythology. Who were these mythological characters, what were their stories, and how are they connected to yogic postures? Devdutt Pattanaik's newest book *Yoga Mythology* (co-written with international yoga practitioner Matt Rulli) retells the fascinating tales from Hindu, Buddhist and Jain lore that lie behind the yogic asanas the world knows so well; in the process he draws attention to an In-

dic worldview based on the concepts of eternity, rebirth, liberation and empathy that has nurtured yoga for thousands of years.

This fully-illustrated New York Times bestseller categorizes an astonishing 2,100 yoga poses through photographs and descriptions for optimal benefit including adaptations for all levels of expertise and ages. A thoughtful, inspiring, meticulously-crafted guide to the practice of yoga, 2,100 Asanas will explore hundreds of familiar poses along with modified versions designed to bring more healthful options to yogis of all experience and ability. Organized into eight sections for the major types of poses -- standing, seated, core, quadruped, inversions, prone, supine and backbends -- and each section gently progresses from easy to more challenging. Each pose is accompanied by the name of the pose in English and Sanskrit, the Drishti point (eye gaze), the chakras affected and primary benefits. John Scott's *Ashtanga Yoga* is a step-by-step illustrated guide that takes you through the balanced exercise routines and breathing techniques of this dynamic form. Carefully structured, this course starts with a simple sequence for beginners which, once mastered, provides the foundation for moving on to the next level. - Purify your body with dynamic movement and precise postures - Develop physical and mental strength, increased stamina and greater flexibility - Includes a foreword by Shri K Pattabhi Jois, founder of Ashtanga Yoga - This new edition has been fully revised and updated This essential guide is the perfect introduction to yoga or the ideal gift for those who want to take their yoga practice to the next level. Author John Scott studied with yogi Shri K Pattabhi Jois at the Ashtanga Yoga Research Institute in India, where he qualified to teach Ashtanga Yoga around the world. He has instructed many people in Ashtanga Yoga, including high-profile celebrities Madonna and Sting. John now spends much of his time teaching international workshops and undertaking teacher trainings.

The 7 chakras located along your spine up to the crown of your head may be the biggest secret Western conventional health care is keeping from you. Bonus: Exclusive Gift Inside! In this book you'll discover How to Clear your Energetic Blockages, Radiate Energy and Finally heal yourself. What if I told you that your body had the ability to heal itself through the use of chakras -- unseen spinning wheels of energy that are found at crucial areas along your spine? If you've never heard of chakras before you may be a bit skeptical about their existence, let alone the health and natural influence they offer your body. This book will not only introduce you to these potent vortices of health and wholeness, but it'll also reveal the secrets that make rebalancing and awakening them seem like child's play.

Coiled like a snake at the base of the spine, kundalini is the spiritual force that lies dormant in every human being. Once awakened, often through meditation and yoga practices, it rises up the spine and finds expression in the form of spiritual knowledge, mystical vision, psychic powers, and ultimately, enlightenment. This is the classic first-person account of Gopi Krishna, an ordinary Indian householder who, at the age of thirty-four, after years of unsupervised meditation, suddenly experienced the awakening of kundalini during his morning practice. The story of this transformative experience, and the author's struggle to find balance amid a variety of powerful physiological and psychic side effects, forms the core of the book. His detailed descriptions of his dramatic inner experiences and symptoms such as mood swings, eating disorders, and agonizing sensations of heat—and of how, with the help of his wife, he finally stabilized at a higher level of consciousness—make this one

of the most valuable classics of spiritual awakening available.

Ofrece un innovador acondicionamiento que combina la ciencia del yoga con la tecnología del ejercicio con balón.

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed "Insider-only" tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

In this new book from educational consultant Carla Tantillo Philibert, you'll gain practical strategies for teaching social-emotional learning (SEL), mindfulness, and movement to help your middle school students maintain positive relationships, assume responsibility, become bodily aware, and grow into productive, contributing citizens. You'll find out how to lead students through games, simple yoga poses, breathing techniques, and other activities that are easy to incorporate and help you manage your classroom. Topics include: Empowering your students to understand their emotions, improve their focus, manage stress, and regulate their behavior through structured activities Introducing your students to the concept of SEL and setting up your own SEL classroom Engaging your students in activities to strengthen peer-to-peer communication, community-building, and leadership skills Allowing your students to test their SEL skills through interactive stories and class discussions Honing your own SEL competency through professional development sessions so your students can get the most out of their SEL experience The book also offers a Professional Development Facilitator's Guide to help you and your colleagues master the core concepts of SEL and implement them effectively in the classroom. The appendix provides additional strategies for overcoming common difficulties when first beginning your school's SEL journey.

A radical presentation of the most rigorous form of contemporary yoga as meditation in motion The Art of Vinyasa takes a unique look at Ashtanga yoga as meditation in motion that produces profound inner change. Two of the most well-respected teachers of the Ashtanga style of yoga, Richard Freeman and Mary Taylor, explore this rigorous practice not as a gymnastic feat, but as a meditative form. They reveal that doing the practice—and particularly the vinyasa, or the breath-synchronized

movements—in such a deep and focused way allows practitioners to experience a profound awakening of the body and mind. It also develops an adaptable, flexible practice that can last a lifetime. Freeman and Taylor give an in-depth explanation of form, alignment, and anatomy, and how they work together in the practice. They also present a holistic approach to asana practice that includes an awareness of the subtle breath, and seamlessly merges yoga philosophy with practical technique. Unlike other books on Ashtanga, The Art of Vinyasa does not follow the linear pattern of the sequences of postures that are the hallmark of Ashtanga yoga. Instead, it interlinks the eight limbs: yama and niyama (ethical practices), asana (postures), pranayama (breathing), pratyahara (non-grasping of the senses), dharana (concentration), dhyana (meditation), samadhi (harmony, insight)—and shows how to establish an internally rooted yoga practice.

Discover why people like Russel Simmons Jr, Jennifer Aniston, Phil Jackson and Brad Pitt all incorporate the life-changing practice of Buddhism into their lives. Mindfulness meditation is everywhere these days, from the therapy couch to the Google campus, from prisons to athletic events. But what are the origins of this surge in mindfulness? What kind of worldview and lifestyle went along with these ancient techniques of meditative training? And, beyond the questionable metaphysics and well-worn pop-psychology bromides, what is meditation actually for? This book explores the Buddhist ideas behind the mindfulness techniques that have seen such a groundswell of popularity. It covers meditation not just as a body of techniques for relaxation and stress relief to accessorize our busy modern lives, but as part of a radical system of self-transformation that offers the possibility of profound liberation. In this book, the Buddhist system and the ideas behind it are presented, not as a religion that's asking for your allegiance, but as a body of theory and practice geared towards fostering an inner revolution. Buddhism for beginners will teach you: The worldview underpinning Buddhist meditation techniques, and what those techniques were actually intended for. The principles that guide a life lived genuinely, gracefully, and compassionately. What meditation is all about in the context of the Buddhist path, and how to get into the practice of working with your mind. A surprising vision of the self, the mind, and the nature of human experience that can fundamentally alter the way you look at the world. Don't hesitate. To start on a journey that could deeply transform how you relate to your world, scroll up and grab your copy right now. Check out some of the testimonials below: "If I had the choice of being lectured about Buddhism or reading a book, I'd pick this specific book because it is so nicely written. It starts out pretty slow paced introducing a bunch of concepts related to Buddhism before moving towards meditation and the like. It sucked me in right away and I continued flipping page after page nonstop. Reading in a quiet room sure helped and I felt this great sense of calmness. It's pretty amazing!" "If you are beginning to practice Buddhism or are contemplating doing so, this book is a great place to start. It is the perfect book to give to friends or family members who are not familiar with Buddhism but want to understand your newfound spirituality. This book was extremely easy for me to understand and I fully as though the concepts presented were something that I could begin to apply now and by my own unaided strength. I would recommend this book to anyone else who is curious about Buddhism regardless of whether or not you intend on making Buddhism part of your life." - SCROLL UP AND CLICK THE ORANGE BUTTON NOW!

It's like having a yoga teacher in your own home! Van Lysebeth, with over 50 years experience as a yoga instructor, describes more than 200 exercises and postures, using over 100 photographs and

numerous illustrations that show both the right and wrong way to perform them. Unlike other yoga books which show only the completed posture, these illustrations show the intermediate steps for attaining the final postures. For beginning students, this classic book is a perfect introduction to yoga. Millions of Americans know of the extraordinary benefits of Yoga--physically, mentally and spiritually. But many have been discouraged from trying Yoga because they believe that years of devotion and arduous exercising are required. Now, here is Yoga simplified. Mr. Hittleman's is a progressive concept of instruction that lets you begin with the elementary positions and gradually advances you at your own pace. You will discover remarkable new strength and energy within you. Your mind and your body will experience the joy that is life at its best. Day by day, you will find yourself growing slimmer, stronger, more graceful. Physical discomforts will vanish. Peace of mind will replace anxiety. You will look, act and feel more truly alive. Richard Hittleman--Author, Lecturer and Television Instructor--has introduced the practice of Yoga to more American s than any other living authority. This book is the second of his Yoga Masterwork series. From the Paperback edition.

This tape includes Louise L. Hay's lecture on principles of prosperity, including a variety of questions and answers addressing money, employment, and the limiting beliefs which can prevent prosperity in our lives.

'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial Name.' The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Describes the basic philosophy and underlying themes which are common to the various schools of

yoga, discussing how a deeper understanding of its teachings enhances the everyday practices of its followers.

INSTANT NEW YORK TIMES BESTSELLER The only definitive book authored by Wim Hof on his powerful method for realizing our physical and spiritual potential. "This method is very simple, very accessible, and endorsed by science. Anybody can do it, and there is no dogma, only acceptance. Only freedom." —Wim Hof Wim Hof has a message for each of us: "You can literally do the impossible. You can overcome disease, improve your mental health and physical performance, and even control your physiology so you can thrive in any stressful situation." With The Wim Hof Method, this trailblazer of human potential shares a method that anyone can use—young or old, sick or healthy—to supercharge their capacity for strength, vitality, and happiness. Wim has become known as "The Iceman" for his astounding physical feats, such as spending hours in freezing water and running barefoot marathons over deserts and ice fields. Yet his most remarkable achievement is not any record-breaking performance—it is the creation of a method that thousands of people have used to transform their lives. In his gripping and passionate style, Wim shares his method and his story, including:

- **Breath**—Wim's unique practices to change your body chemistry, infuse yourself with energy, and focus your mind
- **Cold**—Safe, controlled, shock-free practices for using cold exposure to enhance your cardiovascular system and awaken your body's untapped strength
- **Mindset**—Build your willpower, inner clarity, sensory awareness, and innate joyfulness in the miracle of living
- **Science**—How users of this method have redefined what is medically possible in study after study
- **Health**—True stories and testimonials from people using the method to overcome disease and chronic illness
- **Performance**—Increase your endurance, improve recovery time, up your mental game, and more
- **Wim's Story**—Follow Wim's inspiring personal journey of discovery, tragedy, and triumph
- **Spiritual Awakening**—How breath, cold, and mindset can reveal the beauty of your soul

Wim Hof is a man on a mission: to transform the way we live by reminding us of our true power and purpose. "This is how we will change the world, one soul at a time," Wim says. "We alter the collective consciousness by awakening to our own boundless potential. We are limited only by the depth of our imagination and the strength of our conviction." If you're ready to explore and exceed the limits of your own potential, The Wim Hof Method is waiting for you.

This introduction to mindfulness meditation for children and their parents includes practices that can help children calm down, become more focused, fall asleep more easily, alleviate worry, manage anger, and generally become more patient and aware.

Major New York Times bestseller Winner of the National Academy of Sciences Best Book Award in 2012 Selected by the New York Times Book Review as one of the ten best books of 2011 A Globe and Mail Best Books of the Year 2011 Title One of The Economist's 2011 Books of the Year One of The Wall Street Journal's Best Nonfiction Books of the Year 2011 2013 Presidential Medal of Freedom Recipient Kahneman's work with Amos Tversky is the subject of Michael Lewis's *The Undoing Project: A Friendship That Changed Our Minds* In the international bestseller, *Thinking, Fast and Slow*, Daniel Kahneman, the renowned psychologist and winner of the Nobel Prize in Economics, takes us on a groundbreaking tour of the mind and explains the two systems that drive the way we think. System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. The impact of overconfidence on corporate strategies, the difficulties of predicting what will make us happy

in the future, the profound effect of cognitive biases on everything from playing the stock market to planning our next vacation—each of these can be understood only by knowing how the two systems shape our judgments and decisions. Engaging the reader in a lively conversation about how we think, Kahneman reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives—and how we can use different techniques to guard against the mental glitches that often get us into trouble. Winner of the National Academy of Sciences Best Book Award and the Los Angeles Times Book Prize and selected by The New York Times Book Review as one of the ten best books of 2011, *Thinking, Fast and Slow* is destined to be a classic.

This is a culturally sensitive Spanish translation of *Living a Healthy Life with Chronic Pain*. Chronic pain includes many types of conditions from a variety of causes. This book is designed to help those suffering from chronic pain learn to better manage pain so they can get on with living a satisfying, fulfilling life. This resource stresses four concepts: each person with chronic pain is unique, and there is no one treatment or approach that is right for everybody; there are many things people with chronic pain can do to feel better and become more active and involved in life; with knowledge and experimentation, each individual is the best judge of which self-management tools and techniques are best for him or her; and, the responsibility for managing chronic pain on a daily basis rests with the individual and no one else. Acknowledging that overcoming chronic pain is a daily challenge, this workbook provides readers with the tools to overcome that test. A Moving Easy Program CD, which offers a set of easy-to-follow exercises that can be performed at home, is also included.

Yoga has been studied and practised in the East for thousands of years. We in the West, coping with the stressful demands of modern life, have only recently discovered the restorative and peaceful benefits of this ancient art. While yoga releases strain and tiredness from the body, it also clears the mind and restores energy levels. Half an hour of yoga each day brings greater enthusiasm and more balanced energy into our lives. It has the capacity to improve sleep, increase concentration, and deepen our levels of awareness and contentment. *Simply Yoga*, the book, guides you with clear in-

structions and step-by-step photographs. There are detailed instructions on simple breathing techniques and a meditation practice. *Simply Yoga*, the DVD, encourages you through twelve dynamic postures in a 30-minute routine. All you need is a cushion and a blanket. Book jacket.

A simple technique to achieve lasting health, happiness, and inner peace. “Yoga for the hands—sounds too good to be true. Do it at the office, on an airplane, lying in bed. Seasoned yoga teacher Gertrud Hirschi has used these hand postures to ease asthma, relieve flu symptoms, think more effectively, relieve tension, and more. Like a classroom instructor, she guides readers with simultaneous breathing advice and conjures up helpful images.” —Brian Bruya, Amazon.com Review Mudras are yoga positions for your hands and fingers. They can be practiced sitting, lying down, standing, or walking, at any time and place. These mysterious healing gestures can calm the stress, aggravations, and frustrations of everyday life. Schooled in the traditional knowledge of this eastern art of healing, well-known Swiss yoga teacher, Gertrud Hirschi, shows how these easy techniques can recharge personal energy reserves and improve quality of life. Readers will learn how to use the practice of mudras to: Prevent illness and ailments Support the healing of many emotional issues Promote spiritual development Intensify the affect with breathing exercises, affirmations, visualizations, herbs, nutrition, music, and colors therapy Also included are several full-body mudras and exercises to enhance any meditation and yoga practice.

The New York Times bestseller that explains how groundbreaking scientific discoveries can help each of us achieve our personal best Every week, Gretchen Reynolds single-handedly influences how millions of Americans work out. In her popular New York Times column, she debunks myths, spurs conversation, and stirs controversy by questioning widely held beliefs about exercise. Here, Reynolds consults experts in a range of fields to share paradigm-shifting findings that were previously only available in academic and medical journals, including: · 20 minutes of cardio is all you need (and sometimes six minutes is enough) · Stretching before a workout is counterproductive · Chocolate milk is better than Gatorade for recovery Whether you’re running ultramarathons or just want to climb the stairs without losing your breath, *The First 20 Minutes* will show you how to be healthy today and perform better tomorrow.
